

MUST EITHER PAY FINES OR WORK FOR THE CITY

Convicted Prisoners to Be Placed Under a New Rule Proposed by the Mayor.

MANY HAVE GONE SCOT FREE HERETOFORE

Convicted prisoners in the future must pay their fines. If they are unable to raise the money a way will be provided for them to work out the amount under the supervision of the board of public service. Mayor Weaver arrived at the above conclusion this morning, and to perfect his plan will meet this evening with the board of public service.

The mayor was in office just one year on last Wednesday. To satisfy his mind as to the actual amount of business done in police circles he has gone over the records and in his perusal he was appalled at discovering that more than 800 people arrested during the year failed to pay fines. Some of them were discharged, but the majority were assessed at least \$2.

Estimated on a basis of 800 people the amount the city has lost aggregates \$1,600. The funds in general being so nearly depleted, the mayor feels that the money would have been of much benefit and he does not want a

recurrence of the loss.

The plan to be presented to the service board is that the street commissioner be instructed to work all persons on the street who are ordered to do so by the mayor. The work will pay the fines at the rate of 75 cents per day. If the prisoner refuses to work, he will be locked up and will be fed only bread and water. This will have a tendency to change the minds of all the lazy ones. Those who do work will be fed good meals.

There will be no attempt to keep a man at work by the use of a ball and chain. If they want to run away it will be a good riddance to bad rubbish. The fines will be still docketed against any such runaways and they must either pay them or expect to be put back at work upon their re-appearance in the city.

One member of the service board has promised to support the request of the mayor and it is expected that the remaining members will approve it.

The national convention to vote accordingly. The resolution was referred to the convention without discussion.

W. J. Foley, of Columbiana county, will be the nominee for congress without opposition. His name will be presented by W. S. Potts, of Lisbon.

Mahoning county will offer but one candidate for national delegate in the person of T. J. McNamara. Stark county has two candidates for national delegate, R. J. Gregory, who is for Parker, and Bernard Bell, who is understood to be a Hearst man. Columbiana county will present the names of T. S. Arnold, of Leetonia, and Smith, of Salem.

The contesting delegations from East Liverpool, one headed by J. C. Walsh and Ed. Cook, and the other by J. J. Weisend, city chairman, were both allowed representation in the convention. After an hour or more of deliberation the credentials committee reported allowing each faction to cast three of the six votes to which Liverpool township was entitled. This precipitated a sharp fight in the convention, but the report was finally adopted.

During the discussion Messrs. Cook, Walsh, Weisend and T. J. Duffy addressed the convention.

The two factions of the local Democracy departed for Alliance this morning to attend the party convention of the Eighteenth Congressional district. Both parties were fully represented, and to all outward appearances harmony was the watchword. Those on the inside, however, knew that the feeling was intense, and only awaited the opening of the convention to burst forth in all its fury.

It will be remembered that two caucuses were held in this city for the selection of delegates to the congressional convention, and in each instance the leaders are claiming to be the regularly accredited representatives of the township. Pursuant to a call issued by the county chairman, Messrs. Cook and Walsh with the remainder of the Parker enthusiasts got together on April 16, and placed the delegates on the list. They were J. C. Walsh, Thomas Lynch, Ed. Cook, Thomas Starkey, John McKinney and J. C. Hunter. City Chairman J. J. Weisend and his followers, who are said to be for Hearst, did not participate in the former caucus, and when the date of the congressional convention was changed, called another meeting of the local Democrats. At that caucus M. E. Miskall, J. J. Weisend, S. W. Crawford, M. W. Elliott, Allen Pink and T. J. Duffy were elected.

Received a Reward—Officers Dawson, McDermott and Fisher this morning received a check for \$25 from Chief Kelly, of Steubenville. The money was the reward offered for the capture of Jesse McDaniel, who is now in the Jefferson county jail.

JOHN W. CROXALL AN OCTOGENARIAN

The Oldest Survivor of the City's Pioneer Potters Is Congratulated.

ON HIS 80TH BIRTHDAY

He Receives His Friends and the Occasion Was Most Enjoyable—Came to This City and Began Work in 1844—Still Hale and Vigorous.

John W. Croxall, who is perhaps the only man now living in East Liverpool who can claim the distinction of being a pioneer in the potting industry, was 80 years of age yesterday. A number of his friends gathered at the home last evening and spent a very pleasant season. Congratulations were extended, and all joined in the hope that he would have many more birthdays. Several presents were given him.

Mr. Croxall came to this country from England in 1844. He came direct to East Liverpool, arriving in this city on March 10 of that year. He was an active potter for many years, working at the bench well into the 50's. During his life as an operative potter he was recognized as one of the most skillful mechanics in this country, and was very popular among his fellow workmen.

In 1856 Mr. Croxall embarked in the potting business on his own hook, establishing the present Croxall plant on Second street which has been in continuous operation ever since. When the white ware craze struck the manufacturers in this city, many of them changed from yellow ware and started to experiment with white. No change was inaugurated at the Croxall plant and it continues to produce yellow ware.

Mr. Croxall has been an enthusiastic lodge man all his life. He is one of the oldest Odd Fellows in the United States, and even at this late day rarely misses a meeting of the local organization. He is still vigorous, and his appearance would indicate that he was much younger than four score.

A DEAD INFANT FOUND IN RIVER

EVIDENCE OF A PROBABLE CRIME DISCOVERED.

Body of Female Child Taken from the Ohio Today Near the Power House.

The body of an infant was found in the Ohio river opposite McCain's cooper shop at 3 o'clock this afternoon by James Clutter. The babe was naked and had the appearance of never having been dressed.

Mr. McCain, proprietor of the shop, stated he saw the body in the river this morning, but supposed it was a pillow or some cast-off clothing. It is thought the body had been in the river for several days.

Chief Wyman was notified, and Officer Dawson went at once to the scene.

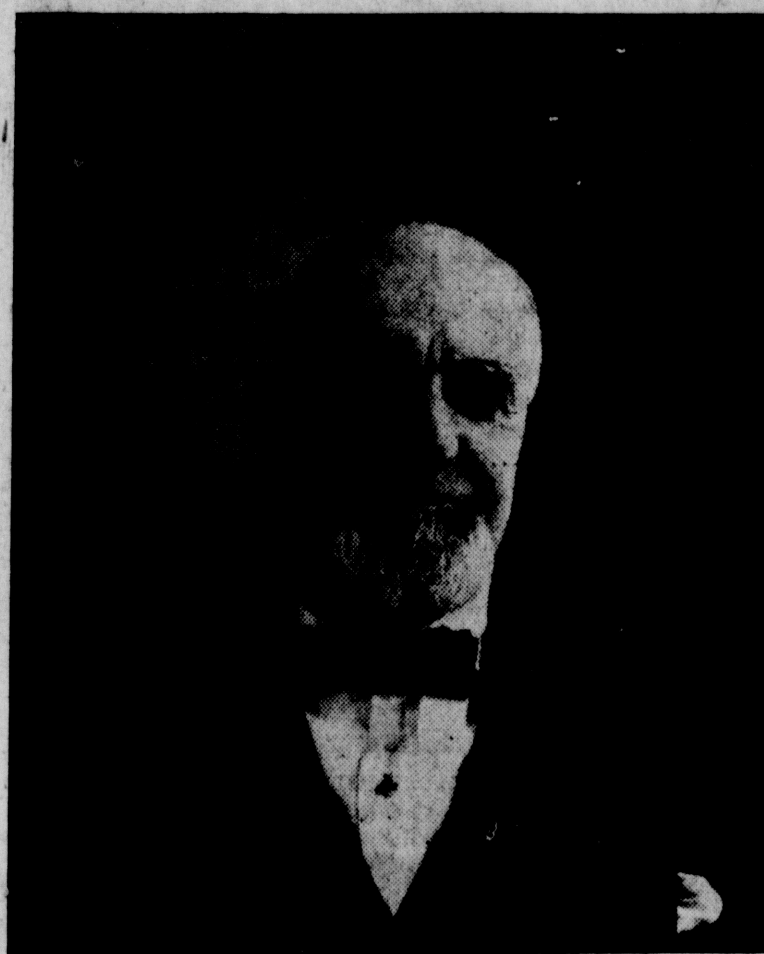

JAPS HAVE LANDED AT TWO POINTS

Russian Garrison at Port Arthur Reduced And Valuables Taken Away.

St. Petersburg, May 6.—(Special).—The reported landing of Japanese on the Lia Tung peninsula at Pitsewo and Port Adams has been confirmed. Port Adams is 50 miles from Port Arthur and Pitsewo is 20 miles from Port Adams. Alexieff and Boris left Port Arthur hurriedly for Mukden, owing to the possibility of railroad communication to the interior being cut off.

Chefoo, May 6.—(Special).—It is reported from reliable Japanese sources that the Russians have reduced the garrison at Port Arthur to 4,000 men and removed important documents, money and a field gun to Mukden.

Wild Man Arrested.
Lisbon, May 6.—(Special).—Sheriff A. J. Johnson returned today from Kent, O., having in his custody Isaiah Davis, of Salem, who was arrested there the other day, in a wildly insane condition. Sheriff Johnson found Davis in a very tractable mood and had no trouble with him.

A HURRY CALL FOR A MEETING

The Democratic State Central Committee to Assemble Tomorrow.

PROBLEMS THAT PERPLEX

Columbus, May 6.—(Special).—The Democratic state central committee has been called to hold a special meeting in this city May 7 at 2 p. m. Chairman W. L. Finley sent the call by telegram.

When the state committee met last month to arrange for the state convention the Johnson men, in order to embarrass L. G. Bernard and other Democrats of Hamilton county, inserted in the call that in all cities having registration, state delegates must be selected by primary or by convention, and if by the latter method the delegates to the convention must be selected by primaries, to be held under the regular board of elections.

Since that time the new boards have been appointed. Secretary of State Laylin refused to appoint the Johnson Democrats in Cleveland. Now Tom L. says he cannot afford to hold a primary under a board he does not control and he has asked that the state committee modify the call so that he may select delegates under the authority of the committees.

The contest for the Republican nomination Continued on Fifth Page.

DELEGATES TO THE CONVENTION

THOSE WHO WILL REPRESENT THIS CITY AT CANTON.

Will Gather Next Wednesday to Re-nominate Kennedy for Congress.

The credentials for Liverpool township's quota of delegates to the Republican congressional convention was received in the city today. The convention is to be held at Canton next Wednesday, and though Congressman James Kennedy will be renominated without opposition a full delegation will be present to look after other important business.

The delegates and alternates from Liverpool township:

Delegates—H. N. Harker, W. H. Vordrey, H. W. Smith, G. E. Davidson, E. E. Grosshans, T. V. Thompson, E. W. Hill, Sam Dixon, R. J. Marshall, J. N. Taylor, J. N. Rose, M. J. McGarry, J. H. Simms, T. A. McNicol, James Welsh, W. L. Smith, H. P. McCarron, J. J. Purinton, Patrick McNicol, Robert Boyd.

Alternates—Chris Horien, Charles Gill, W. V. Blake, W. K. Gaston, William Allen, David McIntosh, Emmet Myler, Charles Kontner, W. C. Supplee, Adolph Joseph, Joseph Geon, Chas Stewart, Willis Davidson, Thomas Collins, John Hulme, Criss McConnell, James Welsh, J. T. Herbert, E. N. Croxall, Harry Green.

A Son Born—A son has been born to Mr. and Mrs. Grant Marsh, of Walnut street.

ANTI-SALOONISTS TO RALLY TO FIGHT LIQUOR INTERESTS

East End Temperance People Meet Tonight to Formulate Campaign Plans.

The issue between the saloonkeepers and the temperance people is clearly defined in the proposed designation of Locust and Hickory alleys as streets. Caught napping, the anti-saloon leaders awoke just in time to prevent the saloonkeepers from stealing a march on them that would have rendered the new Brannock bill harmless in that part of the First ward where all but one of the East End saloons are located. Once aroused, a determined fight is being made, the key to which is the two alleys in question.

Friends of the temperance cause will hold a meeting tonight in the Erie street Methodist church and the situation will be carefully reviewed. Several of the men likely to be there were interviewed this afternoon by a News Review reporter but without exception they refused to discuss it. It is known, however, that those opposed to the change in the alleys will organize and make every effort to prevent

the passage of the ordinance converting the alleys into streets, which has been passed on its first reading by the city council.

The alleys occupy a strategic position as regards the Brannock law. One of the provisions of the measure is that any section of a street 500 feet long, not intersected by another street and containing 55 per cent business, is exempt from its operation. Mulberry street has no intersection, except by the alleys in question, from Railroad street to Pennsylvania avenue, hence, to escape the law, the saloonkeepers must show that 55 per cent of the street, for 500 feet, is devoted to business.

To gain the required 500 feet a residence section must be included and the temperance people have already figured that the per cent of business is less than 55 per cent. It is claimed that if the alleys are not converted into streets every saloon in the First ward will be closed up if the temperance people carry the election.

MAYOR DETERMINED TO END DISORDER IN SHANTYTOWN

Says the City Must Be Rid of Riotous Characters Even if a Gatling Gun Is Used.

A RESIDENT TELLS OF A REIGN OF TERROR

"I propose to rid the beach of bad characters even if I have to use a gatling gun to do it," said Mayor Weaver this morning. "This city has been disgraced long enough by the actions of a certain set of people in Shantytown, and it is high time that the police interfere." The remarks of the chief executive were emphatic and were spoken with grim determination.

Agitation against the dwellers of the beach was given impetus by the appearance of James C. Brown at the city hall. He had a hair raising tale to unfold, and when it was finished the mayor came to but one conclusion—that the disorder in Shantytown will not be repeated. Brown stated that during the past few days the residents living between Market street and the flint mill have been at war. The majority of them, he said, spend their time in drunken debauches and make the entire community hideous with profanity and immoral escapades. Chief Wyman thought he had succeeded in placing a quietus to the

conditions a few weeks ago when he got Mrs. Williams and a few others to depart, but they re-appeared and the trouble is on again. Mrs. Williams, it is alleged, is the prime mover in all eruptions. There is a standing charge against her of running a house of disorder, suspended only upon her promise to vacate. According to Brown, several of her underlings yesterday attempted his life. He said that she prompted a man and a couple of women to get after him and they did so in great style.

Brown is afraid that his life will be taken. The rowdies threatened to brain him with a club yesterday and chased him off the beach with stones. Report has been made to the mayor and chief of the uprising and the story of Brown only added another chapter. The chief was instructed to get after the disorderly persons and it is the intention to wipe the beach clean. Such threats have been made in the past, but this time it will be carried out.

OIL WELL DISPUTE REACHES SUPREME COURT

That Body Asked to Reverse the Findings of Lower Courts in the Hyland Case.

Columbus, May 6.—(Special).—The Columbiana county case of the Salem Iron company against H. H. Hyland has reached the supreme court. Hyland is the owner of oil wells from which, it is alleged, salt water is discharged into a stream from which the company secures water. It is claimed that the salt injures the boilers of their plant, and suit was brought to restrain Hyland from polluting the stream in the way specified. The lower courts found for Hyland.

The supreme court is asked to reverse the judgments of the lower courts.

FINED FOR INDUGENCE

Three Men Who Were Accused of Being Intoxicated, Were Arrested and Sentenced.

Thomas Cartwright got drunk yesterday afternoon and in the evening went home bent on cleaning out the ranch. It is said that he treated his wife shamefully. He was arrested by Officers Dawson and Auderheide and this morning was fined \$5.

Charles Moore had not been drunk since the 15th of last December until yesterday. He was arrested by Officer Dunn and this morning gave an order on his wages for \$2 and costs. Duffy Call got in jail again last night for his old offense. Officers Dawson and McDermott arrested him in Shantytown. He was allowed to go upon his promise to pay \$5.

Sale Confirmed.

Lisbon, May 6.—(Special).—Private sale of lot 6 in Alexander Wells' subdivision of lots in George Wells' addition to Wellsville, by William R. McDonald, as administrator of the estate of Ida M. Kelley, deceased, has been confirmed and a deed ordered to the purchaser, Charles H. Kelley. The premises sold at \$2,100, the appraisement.

Went Fishing.

The Angling club, composed of James Welch, J. T. Smith, U. Smith, Oscar Neal, D. J. Smith and Messrs. Elton, Geer, Shane, Lewis and Harrington spent the day fishing on the banks of a nearby creek. During the day the party was entertained with a speech by D. J. Smith on the subject "The Fish We Didn't Catch."

But One Bid Received.

Only one bid for the care of patients afflicted with infectious diseases was received from the local physicians by J. T. Herbert, clerk of the board of health. Time for filing the bids expired last night and they will be opened at a special meeting of the board to be held early next week.

ESTIMATES MUST BE CUT DOWN

Finance Committee Confronted With the Solution of a Dismal Problem.

SAFETY BOARD'S THREAT

Three members of the finance committee of council held a meeting last evening for the purpose of curtailing the estimate of the several boards of the city, which were made in anticipation of the tax levy for the next fiscal year, down to the limited number of mills. The committee decided that it must be very conservative in this work and will take more time in considering the estimates before the shears are applied.

Quite a lump will have to be taken off the entire amount as submitted to the council by Mayor Weaver in his annual budget. The mayor allowed the figures to exceed the lawful amount so the committee could diminish them. The law gives council the right to curtail, but prohibits it from raising the amount. It is very likely that both the board of public safety and the board of public service will suffer. The safety board states that it will never prepare another estimate if the amount decided upon by it is cut. The committee will give the board the opportunity of carrying out the threat.

For general expenses the tax levy is limited by law to 10 mills. Estimates submitted by the mayor in his budget bring the sum needed, if the recommendations are carried out, to \$72,561.46. This will necessitate a tax levy of 10 19-20 mills. The estimates for the various funds are as follows: General fund, \$6,225; health fund, \$2,000; service fund, \$34,635.96; safety fund, \$26,200.50. Total, \$72,561.46. The mill levy required by each department according to these figures is as follows. General fund, 1 mill; health fund, 3-10 mill; service fund, 5 1/2 mills; safety fund, 4 3-20 mills. Total, 10 19-20 mills.

There are several other expenses that call for attention. There is a note outstanding for the public library for \$1,200, and money due the water works fund amounting to \$2,300. If these are to be met a levy of another half mill will have to be made. The estimated receipts of the city for the coming year are \$63,332. The total expenses, including the last two items mentioned, are \$76,061.46, leaving a deficit of \$12,728.46 to be met.

The park committee also asks for an increase of \$1,500 in its appropriation, the library committee wants an increase of \$600 and the hospital association requests the levy of one mill, which can be laid aside for the support of free hospitals.

MUST EITHER PAY FINES OR WORK FOR THE CITY

Convicted Prisoners to Be Placed Under a New Rule Proposed by the Mayor.

MANY HAVE GONE SCOT FREE HERETOFORE

Convicted prisoners in the future must pay their fines. If they are unable to raise the money a way will be provided for them to work out the amount under the supervision of the board of public service. Mayor Weaver arrived at the above conclusion this morning, and to perfect his plan will meet this evening with the board of public service.

This will have a tendency to change the minds of all the lazy ones. Those who do work will be fed good meals.

There will be no attempt to keep a man at work by the use of a ball and chain. If they want to run away it will be a good riddance to bad rubbish. The fines will be still docketed against any such runaways and they must either pay them or expect to be put back at work upon their re-appearance in the city.

One member of the service board has promised to support the request of the mayor and it is expected that the remaining members will approve it.

The national convention to vote accordingly. The resolution was referred to the convention without discussion.

W. J. Foley, of Columbiana county, will be the nominee for congress without opposition. His name will be presented by W. S. Potts, of Lisbon.

Mahoning county will offer but one candidate for national delegate in the person of T. J. McNamara. Stark county has two candidates for national delegate, R. J. The contesting delegations from East Liverpool, one headed by J. C. Walsh and Ed. Cook, and the other by J. J. Weisend, city chairman, were both allowed representation in the convention. After an hour or more of deliberation the credentials committee reported allowing each faction to cast three of the six votes to which Liverpool township was entitled. This precipitated a sharp fight in the convention, but the report was finally adopted.

During the discussion Messrs. Cook, Walsh, Weisend and T. J. Duffy addressed the convention.

The two factions of the local Democracy departed for Alliance this morning to attend the party convention of the Eighteenth Congressional district. At that caucus M. E. Miskall, J. J. Weisend, S. W. Crawford, M. W. Elliott, Allen Fink and T. J. Duffy were elected.

The committees having reported, Delegate James McSwiggen, of Salineville, entered a protest against the action of the caucus of the Columbiana county delegation on the ground that four townships, Washington, Franklin, Knox and West, had not been represented in the caucus, having failed to find the meeting place. On motion Columbiana county was allowed 15 minutes in which to caucus the second time. The session was presided over by W. J. Foley, county chairman. The action of the former caucus was reaffirmed, except as to the member on the credentials committee. In this the action was reversed, O. J. Astry, of Salem, receiving 17 votes as against 15 for A. P. Dennis, of Wellsville. This made a material change in the complexion of the county's representatives on the committee. Astry is for Smith for national delegate as opposed to Dennis, who was for Arnold.

Delegate McSwiggen offered a resolution endorsing the platforms of 1896 and 1900 and asking the delegates to

ings of Lower Courts in the
Hyland Case.

Columbus, May 6.—(Special.)—The Columbiana county case of the Salem Iron company against H. H. Hyland has reached the supreme court. Hyland is the owner of oil wells from which, it is alleged, salt water is discharged into a stream from which the company secures water. It is claimed that the salt injures the boilers of their plant, and suit was brought to restrain Hyland from polluting the stream in the way specified. The lower courts found for Hyland. The supreme court is asked to reverse the judgments of the lower courts.

FINED FOR INDUGENCE

Three Men Who Were Accused of Be-
ing Intoxicated, Were Arrested
and Sentenced.

Thomas Cartwright got drunk yesterday afternoon and in the evening went home bent on cleaning out the ranch. It is said that he treated his wife shamefully. He was arrested by Officers Dawson and Aufferdeide and this morning was fined \$5.

Charles Moore had not been drunk since the 15th of last December until yesterday. He was arrested by Officer Dunn and this morning gave an order on his wages for \$2 and costs. Duffy Call got in jail again last night for his old offense. Officers Dawson and McDermott arrested him in Shantytown. He was allowed to go upon his promise to pay \$5.

Salvage Confirmed.

Lisbon, May 6.—(Special.)—Private sale of lot 6 in Alexander Wells' subdivision of lots in George Wells' addition to Wellsville, by William R. McDonald, as administrator of the estate of Ida M. Kelley, deceased, has been confirmed and a deed ordered to the purchaser, Charles H. Kelley. The premises sold at \$2,100, the appraisement.

Went Fishing.

The Angling club, composed of James Welch, J. T. Smith, U. Smith, Oscar Neal, D. J. Smith and Messrs. Elton, Geor, Shane, Lewis and Harrington spent the day fishing on the banks of a nearby creek. During the day the party was entertained with a speech by D. J. Smith on the subject "The Fish We Didn't Catch."

But One Bid Received.

Only one bid for the care of patients afflicted with infectious diseases was received from the local physicians by J. T. Herbert, clerk of the board of health. Time for filing the bids expired last night and they will be opened at a special meeting of the board to be held early next week.

ESTIMATES MUST BE CUT DOWN

Finance Committee Confronted
With the Solution of a Diffi-
cult Problem.

SAFETY BOARD'S THREAT

Three members of the finance committee of council held a meeting last evening for the purpose of curtailing the estimate of the several boards of the city, which were made in anticipation of the tax levy for the next fiscal year, down to the limited number of mills. The committee decided that it must be very conservative in this work and will take more time in considering the estimates before the shears are applied.

Quite a lump will have to be taken off the entire amount as submitted to the council by Mayor Weaver in his annual budget. The mayor allowed the figures to exceed the lawful amount so the committee could diminish them. The law gives council the right to curtail, but prohibits it from raising the amount. It is very likely that both the board of public safety and the board of public service will suffer. The safety board states that it will never prepare another estimate if the amount decided upon by it is cut. The committee will give the board the opportunity of carrying out the threat.

For general expenses the tax levy is limited by law to 10 mills. Estimates submitted by the mayor in his budget bring the sum needed, if the recommendations are carried out, to \$72,561.46. This will necessitate a tax levy of 10 19-20 mills. The estimates for the various funds are as follows: General fund, \$6,225; health fund, \$2,000; service fund, \$34,635.96; safety fund, \$26,200.50. Total, \$72,561.46. The mill levy required by each department according to these figures is as follows. General fund, 1 mill; health fund, 3-10 mill; service fund, 5 1/2 mills; safety fund, 4 3-20 mills. Total, 10 19-20 mills.

There are several other expenses that call for attention. There is a note outstanding for the public library for \$1,200, and money due the water works fund amounting to \$2,300. If these are to be met a levy of another half mill will have to be made. The estimated receipts of the city for the coming year are \$63,333. The total expenses, including the last two items mentioned, are \$76,061.46, leaving a deficit of \$12,728.46 to be met.

The park committee also asks for an increase of \$1,500 in its appropriation, the library committee wants an increase of \$600 and the hospital association requests the levy of one mill, which can be laid aside for the support of free hospitals.

FAMOUS SINGERS IN GRAND OPERA

TWO WEEKS' ENGAGEMENT TO OPEN AT PITTSBURG.

A Most Attractive Bill to Be Presented By the Savage English Opera Company.

Music lovers in Pittsburg are preparing to extend an enthusiastic welcome to Henry W. Savage's famous English Grand Opera company at the Nixon on Monday, May 23, when it opens its engagement of two weeks in that city. This splendid organization made its first appearance in Pittsburg three years ago and took the music lovers by storm. This year Manager Savage will present six elaborate productions with the best English singing artists, assisted by a chorus of 70 all-American voices, and an orchestra of 40 musicians under N. B. Emanuel and Elliott Schenck.

Verdi's brilliant masterpiece, "Otello," has been selected as the opening bill Monday night, May 23. The opera is being presented for the first time in English this year by Mr. Savage and the opportunity to hear the famous master composition will make the opening of the opera festival a brilliant social as well as musical event. The entire company numbers 150 people, and a special train of twelve cars is required to convey its immense equipment of scenery. The repertoire for the two weeks will be as follows:

Week of May 23—Verdi's "Otello" will be sung Monday and Friday evenings and at the Wednesday matinee. Wagner's "Lohengrin" will be the bill Tuesday and Thursday evenings and at the Saturday matinee, and Bizet's brilliant Spanish opera of "Carmen," with Marian Ivell, the gifted contralto, in the title role, will have performance Wednesday and Saturday evenings.

Week of May 30—Verdi's world-famed "Il Trovatore" is the bill Monday and Friday nights and Wednesday matinee; Wagner's "Tannhauser" Tuesday and Thursday nights and Saturday matinee, and Balfe's "Bohemian Girl" Wednesday and Saturday nights. The former favorites still with the organization include the great tenor, Joseph Sheean; Gertrude Rennyson, the dramatic soprano; Marian Ivell, the contralto; Winifred Goff, the baritone, and Francis J. Boyie, the basso. In addition to these there will be heard William Wagener, the Wagnerian tenor; Remi Marsano, the Adstrian baritone; Jean Lane Brooks and Antoinette Le Brun, dramatic sopranos; Rita Newman, mezzo-soprano, and Harrison W. Bennett, basso—several of whom have been imported this year by Mr. Savage and are singing for the first time in America.

PROPOSED LEGISLATION.

Legislation at the coming national convention, although two months off, is already being talked of in the meetings of the local unions, but so far nothing has developed to equal in importance the proposed change from branch to shop locals. There are a number of matters of minor importance to the trade at large, but very material to certain trades that will be brought to the convention of the delegates. The question of the adoption of the uniform price list for the east will undoubtedly be taken up in some form, and in fact, much time will be devoted to matters affecting eastern workmen. The readjustment of the uniform price list in 1905, when the present agreement with the manufacturers expires, will no doubt be discussed. There is a sentiment for a revision of the list to adjust certain discrepancies that now exist.

A number of important matters will be settled if the shop local is adopted. There has been a great deal of discussion about the resolution to rearrange the wages of printers' crews in accordance with a resolution adopted at the Wheeling convention; the lack of interest in several locals in this city and the surrender of their charter by the warehousemen. Most of these difficulties will be solved in the adoption of the shop local.

WANTS THE CONVENTION.

Buffalo, one of the newest pottery cities, is after the national convention

of the N. B. of O. P. in 1905 and has commenced work to land it. The 1905 convention will be one of great importance and as this year's meeting is to be held in the east the west should be favored next year. There is a growing sentiment, however, against holding the conventions in this city, and the suggestion has been made that a neutral city be selected. The Buffalo workers have asked a number of locals to instruct delegates to name that city for 1905, but naturally the request is going generally ignored.

INSPECTED POTTERIES.

Members of the Duquesne Ceramic club who visited the city yesterday spent the day in two of East Liverpool's leading pottery plants, where they were shown every courtesy. Miss Marian Cowan, secretary of the club, arranged with Harry Smith, treasurer of the Pottery association, to guide them through the plants and he took charge of the party upon its arrival here. The morning was spent at the K. T. & K. plant, where Joseph G. Lee conducted them through the various departments. The Homer Laughlin China company was visited in the afternoon and W. E. Wells did the honors. The party boarded the 4 o'clock train in the East End and returned home much pleased with the visit.

POTTERY NOTES.

The New Castle delegates are favorable to the shop local plan. It is reported that Dan McCarron, of the Shenango plant, has offers from several pottery firms to take charge of their plants.

Joe Hester, working at Derry, cut his hand on a jigger there and an abscess formed, making the injury very serious.

Will Gillespie has taken a pressing bench at the Derry plant.

CHIEF'S REPORT FOR LAST MONTH

In the Matter of Arrests the Police Did a Flourishing Business.

The monthly report of Chief Wyman was ready for the board of public safety last evening, but that body failed to meet. The report shows a flourishing business in police circles during the month of April.

The arrests were credited to the members of the force as follows: Dawson, 10; McDermott, 11; Morris, 10; Aufderheide, 10; Dunn, 7; Mahony, 9; Fisher, 12; Todd, 15; Wyman, 8; patrol, 21; Hargraves, 1.

The offenses for which the arrests were made follow. As usual the number of drunks is the largest of the list, and the number of disorderlies comes second. Many of the persons were arrested on both the charges. Drunk, 42; assault and battery, 3; train jumping, 2; larceny, 2; trespassing, 1; disorderly, 26; assault with intent to kill, 1; furnishing liquor to minors, 1; carrying concealed weapons, 1; cutting with intent to kill, 1; unlawful cohabitation, 2; vagrancy, 2; shooting within the city limits, 1; shaking dice in a saloon, 3; gambling, 6; permitting gambling in a saloon, 2; looting in a saloon on Sunday, 9; Sunday violation, 3; pointing firearms, 1; permitting gambling in a building, 1; selling to habituals, 2; abandonment of parent and minor child, 2.

NOTED RELIGIOUS WORKER

J. Campbell White Will Address the Y. M. C. A. Sunday.

The men's meeting at the building of the Y. M. C. A. next Sunday afternoon at 4 o'clock promises to be one of the largest of the year and also one of the most interesting and helpful. J. Campbell White, one of the most fluent speakers of the country, will be in the city Sunday and has consented to give the address at the men's meeting. His subject is "The Secret of Liberty and Victory." Mr. White has had almost a world wide experience in religious work and has a very successful record. He is the financial secretary of the United Presbyterian church of America with headquarters at Pittsburg. For three years

he had in charge the work of the Young Men's Christian association at Calcutta, India, where his good work elicited the attention of prominent religious workers throughout Christendom. Rev. W. W. White, probably the greatest bible student and teacher of New York city, is a brother.

Special music will be rendered by the First United Presbyterian church choir, whose leader, Miss Georgia McLane, is endeavoring to make this feature of the meeting also helpful and interesting. This will be a meeting which the men of the city can scarcely afford to miss.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test, resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Will Reed's, C. T. Larkins', C. G. Anderson's and J. D. Holloway's.

Savage's famous English Grand Opera company at the Nixon on Monday, May 23, when it opens its engagement of two weeks in that city. This splendid organization made its first appearance in Pittsburgh three years ago and took the music lovers by storm. This year Manager Savage will present six elaborate productions with the best English singing artists, assisted by a chorus of 70 all-American voices, and an orchestra of 40 musicians under N. B. Emanuel and Elliott Schenck.

Verdi's brilliant masterpiece, "Otello," has been selected as the opening bill Monday night, May 23. The opera is being presented for the first time in English this year by Mr. Savage and the opportunity to hear the famous master composition will make the opening of the opera festival a brilliant social as well as musical event. The entire company numbers 150 people, and a special train of twelve cars is required to convey its immense equipment of scenery. The repertoire for the two weeks will be as follows:

Week of May 23—Verdi's "Otello" will be sung Monday and Friday evenings and at the Wednesday matinee. Wagner's "Lohengrin" will be the bill Tuesday and Thursday evenings and at the Saturday matinee, and Bizet's brilliant Spanish opera of "Carmen," with Marian Ivell, the gifted contralto, in the title role, will have performance Wednesday and Saturday evenings.

Week of May 20—Verdi's world-famed "Il Trovatore" is the bill Monday and Friday nights and Wednesday matinee; Wagner's "Tannhauser" Tuesday and Thursday nights and Saturday matinee, and Balfe's "Bohemian Girl" Wednesday and Saturday nights.

The former favorites still with the organization include the great tenor, Joseph Sheean; Gertrude Rennyson, the dramatic soprano; Marian Ivell, the contralto; Winifred Goff, the baritone, and Francis J. Boyie, the basso. In addition to these there will be heard William Wagener, the Wagnerian tenor; Remi Marsano, the Adriatic baritone; Jean Lane Brooks and Antoinette Le Brun, dramatic sopranos; Rita Newman, mezzo-soprano, and Harrison W. Bennett, basso—several of whom have been imported this year by Mr. Savage and are singing for the first time in America.

PROPOSED LEGISLATION.

Legislation at the coming national convention, although two months off, is already being talked of in the meetings of the local unions, but so far nothing has developed to equal in importance the proposed change from branch to shop locals. There are a number of matters of minor importance to the trade at large, but very material to certain trades that will be brought to the convention of the delegates. The question of the adoption of the uniform price list for the east will undoubtedly be taken up in some form, and in fact, much time will be devoted to matters affecting eastern workmen. The readjustment of the uniform price list in 1905, when the present agreement with the manufacturers expires, will no doubt be discussed. There is a sentiment for a revision of the list to adjust certain discrepancies that now exist.

A number of important matters will be settled if the shop local is adopted. There has been a great deal of discussion about the resolution to rearrange the wages of printers' crews in accordance with a resolution adopted at the Wheeling convention; the lack of interest in several locals in this city and the surrender of their charter by the warehousemen. Most of these difficulties will be solved in the adoption of the shop local.

WANTS THE CONVENTION.

Buffalo, one of the newest pottery cities, is after the national convention

of the N. B. of O. P. in 1905 and has commenced work to land it. The 1905 convention will be one of great importance and as this year's meeting is to be held in the east the west should be favored next year. There is a growing sentiment, however, against holding the conventions in this city, and the suggestion has been made that a neutral city be selected. The Buffalo workers have asked a number of locals to instruct delegates to name that city for 1905, but naturally the request is going generally ignored.

INSPECTED POTTERIES.

Members of the Duquesne Ceramic club who visited the city yesterday spent the day in two of East Liverpool's leading pottery plants, where they were shown every courtesy. Miss Marian Cowan, secretary of the club, arranged with Harry Smith, treasurer of the Pottery association, to guide them through the plants and he took charge of the party upon its arrival here. The morning was spent at the K. T. & K. plant, where Joseph G. Lee conducted them through the various departments. The Homer Laughlin China company was visited in the afternoon and W. E. Wells did the honors. The party boarded the 4 o'clock train in the East End and returned home much pleased with the visit.

POTTERY NOTES.

The New Castle delegates are favorable to the shop local plan.

It is reported that Dan McCarron, of the Sherango plant, has offers from several pottery firms to take charge of their plants.

Joe Hester, working at Derry, cut his hand on a jigger there and an abscess formed, making the injury very serious.

Will Gillespie has taken a pressing bench at the Derry plant.

CHIEF'S REPORT FOR LAST MONTH

In the Matter of Arrests the Police Did a Flourishing Business.

The monthly report of Chief Wyman was ready for the board of public safety last evening, but that body failed to meet. The report shows a flourishing business in police circles during the month of April.

The arrests were credited to the members of the force as follows: Dawson, 10; McDermott, 11; Morris, 10; Aufderheide, 10; Dunn, 7; Mahony, 9; Fisher, 12; Todd, 15; Wyman, 8; patrol, 21; Hargraves, 1.

The offenses for which the arrests were made follow. As usual the number of drunks is the largest of the list, and the number of disorders comes second. Many of the persons were arrested on both the charges. Drunk, 42; assault and battery, 3; train jumping, 2; larceny, 2; trespassing, 1; disorderly, 26; assault with intent to kill, 1; furnishing liquor to minors, 1; carrying concealed weapons, 1; cutting with intent to kill, 1; unlawful cohabitation, 2; vagrancy, 2; shooting within the city limits, 1; shaking dice in a saloon, 3; gambling, 6; permitting gambling in a saloon, 2; loitering in a saloon on Sunday, 9; Sunday violation, 3; pointing firearms, 1; permitting gambling in a building, 1; selling to habituels, 2; abandonment of parent and minor child, 2.

NOTED RELIGIOUS WORKER

J. Campbell White Will Address the Y. M. C. A. Sunday.

The men's meeting at the building of the Y. M. C. A. next Sunday afternoon at 4 o'clock promises to be one of the largest of the year and also one of the most interesting and helpful. J. Campbell White, one of the most fluent speakers of the country, will be in the city Sunday and has consented to give the address at the men's meeting. His subject is "The Secret of Liberty and Victory." Mr. White has had almost a world wide experience in religious work and has a very successful record. He is the financial secretary of the United Presbyterian church of America with headquarters at Pittsburgh. For three years

he had in charge the work of the Young Men's Christian association at Calcutta, India, where his good work elicited the attention of prominent religious workers throughout Christendom. Rev. W. W. White, probably the greatest bible student and teacher of New York city, is a brother.

Special music will be rendered by the First United Presbyterian church choir, whose leader, Miss Georgia McLane, is endeavoring to make this feature of the meeting also helpful and interesting. This will be a meeting which the men of the city can scarcely afford to miss.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. McChopany, Pa., made a startling test, resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at Will Reed's, C. T. Larkins, C. G. Anderson's and J. D. Holloway's.

CASE THAT NEEDS PROMPT ATTENTION

Child of Mrs. Sarah Palmer is Dangerously Ill With Typhoid-Pneumonia And Needs Care.

A case that must arouse the sympathy of every charitably inclined person is that of Mrs. Sarah Palmer, a washerwoman, who lives in a dilapidated house along Dry Run. Mrs. Palmer is a widow with four children to support, but sickness has been added to her burdens and her oldest child, a daughter of about 15 years, is lying at the point of death with typhoid-pneumonia.

The house scarcely affords protection from the elements and Mrs. Palmer, compelled to work every day, has not been able to give the sick girl proper attention. Dr. Farrell was called to the house yesterday and gave the girl the first medical attention she has had for several weeks. He states that her condition is very critical and has but small hopes of her recovery. Sanitary Policeman Burgess paid an official visit there this morning and found the conditions almost beyond belief. Dr. Farrell had Mrs. Palmer remain at home yesterday with the sick girl owing to the imperative need of nursing.

Mrs. Palmer, it is said, is entirely without means except her daily labor, but as yet has not appealed for aid.

Carman Has a Dog.

Since becoming a member of Hoyt court, Princes of the Orient, Justice Carman has taken a great fancy to dogs and was seized with a desire to own one. He made a purchase a short

time ago and the animal arrived by express yesterday afternoon. It is a fine fox terrier and the justice will train him for use in hunting down criminals.

Moore's Team Lost.

SMALL BOYS STOLE A WEDDING CAKE

Found the Pantry Window Open And Could Not Resist the Sight of the Tempting Pastry.

Small boys, who lately have been making a general nuisance of themselves, performed their crowning feat last night. It is reported that they took advantage of an open window at the McIntosh home on Ohio avenue to make away with the wedding cake for the Pittinger-McIntosh wedding. Finding the window open and the cake near at hand the youngsters could not resist the temptation. Fortunately two wedding cakes had been prepared, so the guests did not suffer by the theft. It is reported that these boys

stoned a young man on horseback a few nights ago and that they have tried to frighten horses attached to buggies. A few nights ago they scattered pins and stilted over some lawns on Ohio avenue, much to the disgust of the owners of the property when they tried to use their lawn mowers.

Trip on Horseback.

J. E. Cooper arrived in the East End last night from West Winfield, Pa., having ridden through on horseback yesterday from Saxonsburg, a distance of about 60 miles. Mr. Cooper was superintendent of a sewer pipe plant at West Winfield and came to this section to take charge of a plant.

Reception to Bride and Groom.

A reception for Mr. and Mrs. D. A. McIntosh, who were married yesterday, will be held tonight at the home of Mrs. Mary Warner, of Ohio avenue. The ladies of the missionary society of the Second U. P. church and their husbands will be the guests of honor.

The house scarcely affords protection from the elements and Mrs. Palmer, compelled to work every day, has not been able to give the sick girl proper attention. Dr. Farrell was called to the house yesterday and gave the girl the first medical attention she has had for several weeks. He states that her condition is very critical and has but small hopes of her recovery. Sanitary Policeman Burgess paid an official visit there this morning and found the conditions almost beyond belief. Dr. Farrell had Mrs. Palmer remain at home yesterday with the sick girl owing to the imperative need of nursing.

Mrs. Palmer, it is said, is entirely without means except her daily labor, but as yet has not appealed for aid.

Carman Has a Dog.

Since becoming a member of Hoyt court, Princes of the Orient, Justice Carman has taken a great fancy to dogs and was seized with a desire to own one. He made a purchase a short

time ago and the animal arrived by express yesterday afternoon. It is a fine fox terrier and the justice will train him for use in hunting down criminals.

Moore's Team Lost.

Moore's Athletics were defeated by Green's Athletics yesterday afternoon by a score of 9 to 0. Deacon and Pat Green were in the points for the first named team and Oberlin and Frantz opposed them. This was the third in the series of games to decide which team will use the name of Athletics.

SMALL BOYS STOLE A WEDDING CAKE

Found the Pantry Window Open And Could Not Resist the Sight of the Tempting Pastry.

Small boys, who lately have been making a general nuisance of themselves, performed their crowning feat last night. It is reported that they took advantage of an open window at the McIntosh home on Ohio avenue to make away with the wedding cake for the Pittinger-McIntosh wedding. Finding the window open and the cake near at hand the youngsters could not resist the temptation. Fortunately two wedding cakes had been prepared, so the guests did not suffer by the theft. It is reported that these boys

stoned a young man on horseback a few nights ago and that they have tried to frighten horses attached to buggies. A few nights ago they scattered pins and stiffs over some lawns on Ohio avenue, much to the disgust of the owners of the property when they tried to use their lawn mowers.

Trip on Horseback.

J. E. Cooper arrived in the East End last night from West Winfield, Pa., having ridden through on horseback yesterday from Saxonsburg, a distance of about 60 miles. Mr. Cooper was superintendent of a sewer pipe plant at West Winfield and came to this section to take charge of a plant.

Reception to Bride And Groom.

A reception for Mr. and Mrs. D. A. McIntosh, who were married yesterday, will be held tonight at the home of Mrs. Mary Warner, of Ohio avenue. The ladies of the missionary society of the Second U. P. church and their husbands will be the guests of honor.

EAST END AFFAIRS.

C. H. Salyers, the contractor, left for Pittsburgh this morning on a business trip.

Rev. Dr. S. P. Lloyd went to Toronto this morning on a business mission.

Attorney James E. Davis returned from Lisbon yesterday afternoon.

Five buildings are going up in the Midway addition and five more will be started soon.

The Daughters of Liberty will hold a social in P. H. C. hall on the night of May 12. The program will be announced later.

J. S. Cunningham has returned from a business trip to Jackson county, W. Va.

Dr. F. F. Davis and Charles Foutts came home from their fishing trip last night with six pounds of bass.

T. P. Finley has returned from a visit to Steubenville.

Mayor Weaver has no sympathy with those who are afflicted with a chronic indisposition to work. Idleness is certainly a great breeder of vice and crime. His determination to inculcate habits of industry in those who come before him in his capacity of police magistrate will be a good thing both for the city and the individuals concerned if he can put it into successful effect. At all events, the experiment is worth trying. Seldom in the history of the country has a president sought a second term with a stronger popular backing. Roosevelt is a man of fearless independence and sterling honesty, and all the other qualities that Americans most admire.

Shantytown must either become respectable or find a new location. This is the mayor's dictum, and it will be applauded. There are doubtless worthy people among the beat dwellers, but the police records show there are many among them whose absence from the city would be a blessing. The determination to drive out disorderly characters, whether they dwell in shantytowns or elsewhere, cannot be put in force too soon.

A whole lot of Democrats are disgusted at the progress of the Hearst boom. Republicans, meantime, would like to see him nominated. Excepting William J. Bryan he bears the palm as a disturber of Democratic peace.

OBITUARY
Jacob H. Fife.

Lisbon, May 6.—(Special.)—Jacob H. Fife, another civil war veteran, died at his home in this city yesterday afternoon. Mr. Fife was stricken with paralysis Sunday evening, which deprived him of the power of speech and the use of one side and he lingered in a semi-conscious condition until death relieved him. He was born in Germany 74 years ago, but came to this country at an early age and spent nearly all his life in Lisbon. He was twice married, his first wife having been Miss Elizabeth Baum, of Lisbon, whom he wedded shortly after the war. About 24 years ago he married Miss Josephine Welch, of East Liverpool, where the family lived several years. The second wife and the following children survive: Mrs. Rose Downard, Miss Maggie, Jacob and Harry Fife, all of Lisbon. A sister, Mrs. Rose Hiseock, lives in the country near here.

Mr. Fife served his adopted country well throughout the civil war, enlisting in Company E, Nineteenth Ohio volunteer infantry, under Captain Ervin Dean, at Alliance, in September, 1861, and serving till the close of the war. Among the battles he participated in were Stone River, Shiloh, Chickamauga and those of the Atlanta campaign.

Fleming Brown.
Lisbon, May 6.—(Special.)—Fleming Brown, a colored cook at the Hostetter hotel in Lisbon, died last night at his home here. Death was somewhat sudden, resulting from a rupture with which he had long been troubled and which assumed an acute phase last Tuesday, when he was removed to his home. He was a native of Cadiz, and was in his thirty-fifth year. He came to Lisbon 11 years ago and is survived here by a wife. His parents live in Cadiz and he has three surviving brothers, Walter, of Cadiz, and P. T. and James, both of East Liverpool. Two sisters live in Columbus. Funeral arrangements have not been made.

FRIENDS AND VISITORS

P. A. Martin was a Pittsburg visitor yesterday.

Mrs. Jane Hill has returned to the city after a visit at Sebring.

Harry Demuth and wife, of Freedom, have returned home after a visit here.

George Williams, of Bradshaw avenue, is confined to his home by pleurisy.

General Manager W. F. Crossley, of the Federal Telephone company, was in the city last evening.

Miss Lyde Wolf, who has been ill at her home on Lisbon street for several days, is improving.

Mrs. Samantha Webber, residing on Minerva street, is confined to her home with a severe attack of the grip.

J. H. Trimble has returned to New Cumberland after a visit in this city.

The little son of Orville McKenna, near Fredericktown, was reported dying last evening.

Misses Edna and Nellie Joseph have returned to this city after a visit with friends at New Cumberland.

Charles Beaumont and wife have returned to their home at New Cumberland after a visit with East Liverpool friends.

Thomas McLaughlin has moved with his family from the city to a farm recently purchased by him north of the city.

Mrs. T. D. Wilmer and little son, who were guests at the home of Mr. and Mrs. H. A. Kaffer for a few days, have returned to New Cumberland.

Mrs. Edward Zollinger, who has been ill at her home in New York for several months, will leave next Monday for California, where she will remain indefinitely. Mrs. Zollinger was formerly Miss Rose Dunn, daughter of Mr. and Mrs. William Dunn, of Sixth street.

Fred Fay, member of the general executive board of the Amalgamated Association of Street Railway Employees of America, arrived in the city last evening and will spend several days with the members of No. 52 in this city. Mr. Fay's headquarters are in Detroit.

COOPERS' UNION
PREPARING SCALE

It is Expected That the New Wage Agreement Will Be in Effect June 1.

Coopers' union No. 71, of this city, is preparing the scale of prices which they will ask their employers to pay during the coming year. One year ago some difficulty was encountered in in-during the coming year. One year ago ment, but the men anticipate no trouble this spring.

The scale has been in effect a year on the first of June, and it is proposed to have the new one in readiness by that time so there need be no loss of time. It is announced there will be no changes in the prices or working conditions. A scale identical with that which has been in force will be drafted and will be mailed to each of the several firms in the city. This will be done in time to allow 15 days in which to consider the matter, and the agreements will therefore be sent out previous to May 15.

It is expected all will be returned signed by the first of the month, as the conditions prevailing during the past 12 months seemed to be in every way satisfactory to all parties concerned.

The union has had more or less trouble with one firm in the city, and it is the intention to make an attempt to square it before the wage question is finally settled up this spring. The concern employs no journeymen, but other employers who do are placed at a disadvantage as long as the shop in question remains outside.

CARL BARTH'S SUIT
IS AIRED AGAIN

Action for Alleged Trespass Heard Before Judge Hole at Lisbon.

Lisbon, May 6.—(Special.)—The case of William Anderson vs. Carl Barth et al, an application for an injunction to restrain the defendants from trespassing on the plaintiff's premises, was tried before the court yesterday afternoon. After several witnesses had been examined the case was passed to give time to bring an additional witness into court.

In 1897 the defendants bought of Hugh McFall a tract near East Liverpool, but owing to a mistake in the description in the deed they did not get as much land by a strip of 100 feet wide as they thought they were getting. The description read: "Extending east 232 feet to a stone," when it should have said 132 feet, and the common pleas and circuit court held that the transfer must be governed by the actual location of the stone referred to. The Barths unable to get what they conceived to be their rights in that direction, claimed 100 feet additional of the land adjoining them on the west, owned by the plaintiff in this action. It is alleged that they tore down a picket fence and committed other depredations in asserting their claim, which finally resulted in Mrs. Barth being fined in court here a little more than a year ago for assault.

Judge P. M. Smith and W. H. Vordrey are the plaintiff's attorneys and Conrad Hune, of Lisbon, represents the defendants.

AT THE THEATER

Electricity plays an important part in the production of "Egypta." One marvelous illusion is that of the "Pillar of Fire" leading the Hebrews through the wilderness. It appears to be a veritable volcano of flames shooting upward. Another effect is that of rippling water flowing between the banks of the Nile 'neath the shadows of the grim old sphinx and lofty pyramids. At Rock Springs theatre.

At the opera house all of next week will appear the Elmoor Stock company. For the week's engagement there is a strong repertoire. The company carries 16 people and six big vaudeville acts. It has all its own special scenery and effects. On Monday night ladies' tickets will be only 15 cents. There will be a matinee Saturday at 2:30. The company has received high praise in other cities where it has played.

OBITUARY

Jacob H. Fife.

Lisbon, May 6.—(Special.)—Jacob
H. Fife, another civil war veteran, died
at his home in this city yesterday af-
ternoon. Mr. Fife was stricken with
paralysis Sunday evening, which de-
prived him of the power of speech and
the use of one side and he lingered in
a semi-conscious condition until death
relieved him. He was born in Ger-
many 74 years ago, but came to this
country at an early age and spent nearly
all his life in Lisbon. He was twice
married, his first wife having been
Miss Elizabeth Baum, of Lisbon, whom
he wedded shortly after the war. About
24 years ago he married Miss Jose-
phine Welch, of East Liverpool, where
the family lived several years. The
second wife and the following children
survive: Mrs. Rose Downard, Miss
Maggie, Jacob and Harry Fife, all of
Lisbon. A sister, Mrs. Rose Hiscok,
lives in the country near here.
Mr. Fife served his adopted country
well throughout the civil war, enlist-
ing in Company E, Nineteenth Ohio
volunteer infantry, under Captain Er-
vin Dean, at Alliance, in September,
1861, and serving till the close of the
war. Among the battles he partici-
pated in were Stone River, Shiloh, Chick-
amauga and those of the Atlanta cam-
paign.

resented at the interment, which will
be made in the Lisbon cemetery.

Fleming Brown.
Lisbon, May 6.—(Special.)—Flem-
ing Brown, a colored cook at the Hos-
tetter hotel in Lisbon, died last night
at his home here. Death was some-
what sudden, resulting from a rupture
with which he had long been troubled
and which assumed an acute phase
last Tuesday, when he was removed
to his home. He was a native of Ca-
diz, and was in his thirty-fifth year. He
came to Lisbon 11 years ago and is
survived here by a wife. His parents
live in Cadiz and he has three surviv-
ing brothers, Walter, of Cadiz, and P.
T. and James, both of East Liverpool.
Two sisters live in Columbus. Funer-
al arrangements have not been made.

FRIENDS AND VISITORS

P. A. Martin was a Pittsburg visitor
yesterday.

have returned home after a visit here.

George Williams, of Bradshaw ave-
nue, is confined to his home by pleu-
risy.

General Manager W. F. Crossley, of
the Federal Telephone company, was
in the city last evening.

Miss Lyde Wolf, who has been ill
at her home on Lisbon street for sev-
eral days, is improving.

Mrs. Samantha Webber, residing on
Minerva street, is confined to her home
with a severe attack of the grip.

J. H. Trimble has returned to New
Cumberland after a visit in this city.

The little son of Orville McKenna,
near Fredericktown, was reported
dying last evening.

Misses Edna and Nellie Joseph have
returned to this city after a visit with
friends at New Cumberland.

Charles Beaumont and wife have re-
turned to their home at New Cumber-
land after a visit with East Liverpool
friends.

COOPERS' UNION PREPARING SCALE

It is Expected That the New Wage
Agreement Will Be in Effect
June 1.

Coopers' union No. 71, of this city,
is preparing the scale of prices which
they will ask their employers to pay
during the coming year. One year ago
some difficulty was encountered in in-
ducing the coming year. One year ago
ment, but the men anticipate no trou-
ble this spring.

The scale has been in effect a year
on the first of June, and it is proposed
to have the new one in readiness by
that time so there need be no loss of
time. It is announced there will be
no changes in the prices or working
conditions. A scale identical with that
which has been in force will be drafted
and will be mailed to each of the
several firms in the city. This will be
done in time to allow 15 days in which
to consider the matter, and the agree-
ments will therefore be sent out pre-
vious to May 15.

It is expected all will be returned
signed by the first of the month, as
the conditions prevailing during the
past 12 months seemed to be in every
way satisfactory to all parties con-
cerned.

The union has had more or less trou-
ble with one firm in the city, and it
is the intention to make an attempt
to square it before the wage question
is finally settled up this spring. The
concern employs no journeymen, but
other employers who do are placed at
a disadvantage as long as the shop in
question remains outside.

CARL BARTH'S SUIT IS AIRED AGAIN

Action for Alleged Trespass Heard Be-
fore Judge Hole at
Lisbon.

Lisbon, May 6.—(Special.)—The
case of William Anderson vs. Carl
Barth et al, an application for an in-
junction to restrain the defendants
from trespassing on the plaintiff's
premises, was tried before the court
yesterday afternoon. After several
witnesses had been examined the case
was passed to give time to bring an
additional witness into court.

In 1897 the defendants bought of
Hugh McFall a tract near East Liver-
pool, but owing to a mistake in the de-
scription in the deed they did not get
as much land by a strip of 100 feet
wide as they thought they were get-
ting. The description read: "Extend-
ing east 232 feet to a stone," when it
should have said 132 feet, and the com-
mon pleas and circuit court held that
the transfer must be governed by the
actual location of the stone referred to.
The Barths unable to get what
they conceived to be their rights in
that direction, claimed 100 feet addi-
tional of the land adjoining them on
the west, owned by the plaintiff in this
action. It is alleged that they tore
down a picket fence and committed
other depredations in asserting their
claim, which finally resulted in Mrs.
Barth being fined in court here a little
more than a year ago for assault.

Judge P. M. Smith and W. H. Vod-
rey are the plaintiff's attorneys and
Conrad Hune, of Lisbon, represents
the defendants.

AT THE THEATER

Electricity plays an important part
in the production of "Egypta." One
marvelous illusion is that of the "Pil-
lar of Fire" leading the Hebrews
through the wilderness. It appears to
be a veritable volcano of flames shoot-
ing upward. Another effect is that of
rippling water flowing between the
banks of the Nile 'neath the shadows
of the grim old sphinx and lofty pyra-
mids. At Rock Springs theatre.

At the opera house all of next week
will appear the Elmoor Stock company.
For the week's engagement there is a
strong repertoire. The company carries
16 people and six big vaudeville acts.
It has all its own special scenery and
effects. On Monday night ladies'
tickets will be only 15 cents. There
will be a matinee Saturday at 2:30.
The company has received high praise
in other cities where it has played.

slap at the Foraker Republicans as at the Democrats, and the Foraker men are up in arms.

There is considerable interest just now in the selection of candidates for judge of the supreme court and for member of the state board of public works. Hon. Wash Johnson, at present a member serving his second term, is a candidate for a third term, so it is stated, and is said to be making a hard fight. W. M. Hiltabiddle, of Akron, Johnson's home city, is also a candidate, and is making an energetic fight for the place. The contest will be the more interesting because of this, since this and the judgeship promise to be about the only places over which there will be a real fight before the convention.

Judge Spear seems to be gaining ground in the contest for supreme judge.

Special Canal Commissioner Ham-

lin, of Elyria, who served a few months as a member of the state board of public works following the death of Mr. Goddard, is the latest candidate for the Republican nomination for member of that body to succeed Wash Johnson.

READY FOR THE FIRST GAME THE SEASON

East End Greys Will Open Tomorrow With the Crockery City Team.

The opening of the base ball season at Columbian park tomorrow afternoon, when the East End Greys and Crockery City meet, promises to be the biggest event in athletic circles for many months. The Greys have been hard at work getting the grounds in shape and the finishing touches will be put on this afternoon when the players will also get some practice.

The game tomorrow will be called at 4 o'clock and from present indications there will be several hundred people on hand when the first ball is tossed. The contesting teams are evenly matched and the games should be interesting. The Greys will line up as follows:

F. Herbert, catcher; Bolton and Hemphill, pitchers; Dunn or Walker, first base; Meeks, short stop; Wright or Allison, second base; Owens, third base; Hill, left field; H. Herbert, center field; Walter or Wright, right field.

G. A. R. Will Attend.

Lisbon, May 6.—(Special).—The funeral of the late John M. Johnson will be held at the family home in Elkrun township, Saturday afternoon at 2 o'clock, Rev. C. Manley Rice, of the Christian church in this place, officiating. Starr post No. 138, G. A. R., of Lisbon, will attend in a body and observe the G. A. HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Smashed a Buggy—A street car of the East Liverpool line known as Dinky Car, No. 3, jumped the track near the intersection of Lisbon and Jethro streets, Wednesday evening, and ran into a buggy occupied by Mrs. O. D. Nice. The lady was not injured, but was badly frightened. The buggy was badly damaged.

Graduate in Pharmacy—Among the graduates at the commencement exercises at Ada college tonight will be John Judge, of this city, who will have completed his course in pharmacy at that institution. Mr. Judge is a well known East Liverpool young man, and is deserving of all the honor bestowed upon him. Mr. Judge will return to this city early next week, and will visit his parents before entering upon the practice of his profession.

A "Healer" in Town—A man who calls himself Schlatter, the divine healer, although that is not his name, announces that he will lecture and "heal the sick" free at 3 and 7:30 p. m. Sunday at Carnegie library hall. He has been in Steubenville lately and attracted some attention. Formerly he traveled under the name of Dr. Charles McLean. He says he lectures at Carnegie hall because he and Carnegie are friends, the "healer" having cured the ironmaster of dyspepsia.

The largest and finest line of dress shirts in the city is here. Price from 50c up to \$6 each.

SOCIAL EVENTS

Epworth League Officers.

The Epworth League of the First M. E. church held the regular monthly meeting last evening. A program had not been arranged for the meeting, since the annual election of officers occupied the full time. Rev. Dr. M. B. Pratt presided and the reports of the officers for the past year were first received. Following this the officers were elected for the coming year and the result was as follows: President, Mr. A. J. Savage; first vice president, Mrs. A. J. Savage; second vice president, Mr. F. E. Brooke; third vice president, Mrs. Ara Hawkins; fourth vice president, Mrs. Talli Blount; secretary, Miss Maude Baum; treasurer, Mr. Talli Blount.

Queen Esther Club's Sale.

A pie and cake sale will be conducted tomorrow afternoon beginning at 3 o'clock by the Queen Esther club of the A. M. E. church. The ladies composing the club are deeply interested in church work, and hope to realize a handsome sum from the sale, which will be conducted at the corner of West Market and Seventh streets.

An Enjoyable Party.

Miss Florence Foutts was hostess last evening at an entertainment given in honor of Miss Zue Barnes, who will leave the city very soon. There were quite a number of the friends of the hostess and honor guest present, and all enjoyed the cordial hospitality of those in the party.

A Pleasant Social.

The Knights of Columbus gave a very pleasant social last evening at their rooms in the Stevenson building. Cards were the diversion of the evening, after which refreshments were served. The social was very largely attended and the guests spent a very pleasant evening.

Auxiliary Meeting.

The Ladies' Auxiliary of the Y. M. C. A. held their regular business meeting last evening. The business of the organization was transacted and little else was done. There was a good attendance.

Special to Dennison

Knights of Columbus of Wellsville will run a special train to Dennison Sunday, leaving Wellsville at 7:30 o'clock, railroad time, returning, arrive at Wellsville at 10 o'clock railroad time. Round trip rate, \$1.40.

HOME AFFAIRS

Brief Notes of a Personal Nature
and of Matters About
Town.

Smashed a Buggy—A street car of the East Liverpool line known as Dinky Car, No. 3, jumped the track near the intersection of Lisbon and Jethro streets, Wednesday evening, and ran into a buggy occupied by Mrs. O. D. Nice. The lady was not injured, but was badly frightened. The buggy was badly damaged.

Graduate in Pharmacy—Among the graduates at the commencement exercises at Ada college tonight will be John Judge, of this city, who will have completed his course in pharmacy at that institution. Mr. Judge is a well known East Liverpool young man, and is deserving of all the honor bestowed upon him. Mr. Judge will return to this city early next week, and will visit his parents before entering upon the practice of his profession.

A "Healer" in Town—A man who calls himself Schlatter, the divine healer, although that is not his name, announces that he will lecture and "heal the sick" free at 3 and 7:30 p. m. Sunday at Carnegie library hall. He has been in Steubenville lately and attracted some attention. Formerly he traveled under the name of Dr. Charles McLean. He says he lectures at Carnegie hall because he and Carnegie are friends, the "healer" having cured the ironmaster of dyspepsia.

The largest and finest line of dress shirts in the city is here. Price from 50c up to \$6 each.

SOCIAL EVENTS

Epworth League Officers.

The Epworth League of the First M. E. church held the regular monthly meeting last evening. A program had not been arranged for the meeting, since the annual election of officers occupied the full time. Rev. Dr. M. B. Pratt presided and the reports of the officers for the past year were first received. Following this the officers were elected for the coming year and the result was as follows: President, Mr. A. J. Savage; first vice president, Mrs. A. J. Savage; second vice president, Mr. F. E. Brooke; third vice president, Mrs. Ara Hawkins; fourth vice president, Mrs. Talli Blount; secretary, Miss Maude Baum; treasurer, Mr. Talli Blount.

Queen Esther Club's Sale.

A pie and cake sale will be conducted tomorrow afternoon beginning at 3 o'clock by the Queen Esther club of the A. M. E. church. The ladies composing the club are deeply interested in church work, and hope to realize a handsome sum from the sale, which will be conducted at the corner of West Market and Seventh streets.

An Enjoyable Party.

Miss Florence Fouts was hostess last evening at an entertainment given in honor of Miss Zue Barnes, who will leave the city very soon. There were quite a number of the friends of the hostess and honor guest present, and all enjoyed the cordial hospitality of those in the party.

A Pleasant Social.

The Knights of Columbus gave a very pleasant social last evening at their rooms in the Stevenson building. Cards were the diversion of the evening, after which refreshments were served. The social was very largely attended and the guests spent a very pleasant evening.

Auxiliary Meeting.

The Ladies' Auxiliary of the Y. M. C. A. held their regular business meeting last evening. The business of the organization was transacted and little else was done. There was a good attendance.

Special to Dennison

Knights of Columbus of Wellsville will run a special train to Dennison Sunday, leaving Wellsville at 7:30 o'clock, railroad time, returning, arrive at Wellsville at 10 o'clock railroad time. Round trip rate, \$1.40.

A HURRY CALL FOR A MEETING

Continued from First Page.

Inaction for secretary of state will be a warm one from this time on. There may be no chance for Mr. Comings to beat Mr. Laylin for a third term, but he and his friends will use Laylin's action in regard to board of election matters for all it is worth. The action of Mr. Laylin in the Cleveland case is held to be just as much of a

slap at the Foraker Republicans as at the Democrats, and the Foraker men are up in arms.

There is considerable interest just now in the selection of candidates for judge of the supreme court and for member of the state board of public works. Hon. Wash Johnson, at present a member serving his second term, is a candidate for a third term, so it is stated, and is said to be making a hard fight. W. M. Hiltabille, of Akron, Johnson's home city, is also a candidate, and is making an energetic fight for the place. The contest will be the more interesting because of this, since this and the judgeship promise to be about the only places over which there will be a real fight before the convention.

Judge Spear seems to be gaining ground in the contest for supreme judge.

Special Canal Commissioner Ham-

lin, of Elyria, who served a few months as a member of the state board of public works following the death of Mr. Goddard, is the latest candidate for the Republican nomination for member of that body to succeed Wash Johnson.

THE PRESS TEAM IS PRACTICING

Proposes to Be Ready to Wipe Up the Earth With the Letter Carriers Next Tuesday.

The press team has begun diligent practice for the encounter with the letter carriers at Rock Springs next Tuesday afternoon. The arrangements for the game were only completed after the employees of Uncle Sam had been given all the concessions that were going, and even then it was necessary to do some coaxing. The mail men are clearly afraid to play, and with good reason, too, but they could not get away from the issue honorably, and will be on hand at the proper time.

It is likely the members of East Liverpool's first team will crawl under the grand stand in order to be in hiding while they "get next" to some of the new points of the game which have originated with the press boys this season.

The lineup of the press team will be as follows: "Fitzgerald, pitcher and third; Sutch, pitcher; McBane, first; Identifier, second; Blake, left; Booton, middle and catcher; Bullock, short and pitcher; Irwin, right and short; Martindale, catcher; Karr, second and water boy; Gligax, left and third; Orr, center and first.

SCHOOL TEAM HAS A STRONG LINEUP

Games Have Been Arranged With Steubenville And Wellsville High School Teams.

The high school boys will have a strong base ball team in the field this season and have arranged for a number of games. Much of the foot ball talent is in evidence on the team and if the players show up as well on the diamond as they did last fall on the grid-iron they should have no trouble in winning games.

Will Smith is the team's manager and Joe Geon is the field captain. They have arranged two games with the Steubenville high school team, one to be played here and one at Steubenville. The foot ball rivalry between the two teams will make these games hotly contested. A series has also been arranged with the Wellsville school team, but the dates have not been announced. The first of a series of games with the Belmont team was played this afternoon.

Following is the high school lineup: Mountford, catcher; Dan Smith and Crable, pitchers; Joe Geon, short; W. Geon, first; Will Smith, second; Earl Powell, third; Wallover, left field; Gaston, center; Dan Smith or Crable, right.

Six Footers Organized.

A unique base ball club, called the "Six Footers," was organized last night with the following lineup: Dr. Frank Harrison, Splinter Galigher, Henry Schell, Morg Winters, Hugh McCarron, Otto Powell, Will Powell, Charles Chadwick and Fred Heckathorne. Al Green was chosen manager, Dr. Trimmer, secretary; James Moffat, treasurer; John Cain, mascot, and Pinch Swingewood, umpire. Dr. Harrison is to train the players.

Lincoln Avenue Reds.

The Lincoln Avenue Reds have organized for the season with the following players: Catcher, J. Stoney; pitcher, C. Wilson; short, O. Michalis; first, D. Cochran; second, C. Fouts; third, N. Kertendole; left, C. Neal; middle, A. Cartwright; right, E. Rowe. A meeting will be held tonight to elect a captain and manager. The Reds want games with 11 and 14-year-old teams.

Ready for Play.

The Dresden pottery team is now ready for the season and challenges the teams from the McNicol and E. M. Knowles plants. The Dresden's lineup is as follows: Catcher, Vervin; pitcher, Carey; first, Weber; second, Pomeroy; third, McCarron; short, Dougherty; left, Witherow; middle, Gligax; right, Dechant. The manager of the team is Elise Carey.

Indians Want Games.

The Irish Town Indians challenge any 13-year-old team in East Liverpool, the Imperials preferred. Games can be arranged with William Russell, Jr., 240 Sixth street.

Will Open the Season.

The Park Place Athletic base ball team will open the season tomorrow with the Pleasant Heights team at the Park Place grounds. The battery for the Park Place team will be Meek and McFarland.

Lisbon Base Ball Team.

Lisbon, May 6.—(Special.)—The Lisbon base ball club has organized for the season under the management of Bert Ourant and would like to hear from neighboring amateur teams.

"BEAUTIFUL WINONA."

Excursions via Pennsylvania Lines to That Pretty Resort.

With the opening of the season at Winona Lake, May 16, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer passed there by thousands has only increased their desire to return. On the golf links, the tennis courts, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famed personages in the auditorium—whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to F. Van Buren, chief assistant general passenger agent, Pittsburgh, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. C. Dickey, secretary and general manager, Winona Lake, Ind., who will give particulars regarding camping facilities, hotel accommodations, program of addresses by noted speakers and all other details.

"BEAUTIFUL WINONA"

Excursions via Pennsylvania Lines to That Pretty Resort.

With the opening of the season at Winona Lake, May 15, the sale of excursion tickets over the Pennsylvania Lines to that attractive resort in Northern Indiana will begin. Every summer there are thousands who only increased their desire to return. On the golf links, the tennis courts, the baseball or cricket grounds, the croquet field, or boating on the lake, fishing, camping, swimming, driving, or attending recitals and lectures by world-famous personages in the auditorium—whatever the diversion may be, the associations are of that congenial sort conferred by good society. This resort is noted as the site of Winona Assembly and Summer School, attracting teachers and students from educational institutions of this and other countries.

Fifteen-day and season excursion tickets will be sold from ticket stations on the Pennsylvania Lines during the summer. For information about fares and time of trains, apply to local ticket agents, or to E. Van Dusen, chief assistant general passenger agent, Pittsburg, Pa. Illustrated literature describing attractions of Winona Lake may be had for the asking. Address S. C. Dickey, secretary and general manager, Winona Lake, Ind., who will give particulars regarding camping facilities, hotel accommodations, program of addresses by noted speakers and all other details.

THE STAG CAREER OF PAUL GILMORE

The Well-Known Actor Tells How
He Came to Enter the
Profession.

WAS BOOKED FOR THE LAW

When asked to tell something of his career, Mr. Paul Gilmore, who is presenting the "Mummy and the Humming Bird," said:

"There is not much of any great interest in my career unless one considers hard climbing from the very bottom of the ladder interesting. It was hard work, I assure you, to acquire the place I have, for our profession is, may I say it, cursed with an over-supply of people, and sometimes the bad ones force the good ones out by some hook or crook, so after all, to have attained a good place in the vast army of actors means one has put in several years of good hard work.

"Almost all parents object to their children adopting the stage as a profession, and mine were no exception to the rule. They fancied I had a voice that with study would make me a good lawyer and they sent me to college with that goal in view. About this time my father, who was a newspaperman and publisher of the Milwaukee Magazine in Milwaukee, bought as an investment the Grand opera house there. Of course I was in evidence at every play, so that is really how I formed such a desire for the stage, although the Student Amateur Dramatic Club at college helped things along my way, too.

"At a little play our club gave for the benefit of the Soldiers' Home, Mr. Jacob Litt, one of the foremost managers in New York today, who was then managing the opera house for my father, saw my performance and congratulated me. The next year he went to New York and became a manager. He was successful and finally bought out what was then the greatest play of the year, 'The Ensign.' He wrote me, offering me a small character part.

"It was vacation time, so I went more as a lark than anything else, but once I got into the real stage atmosphere, nothing could take me away from it, not even the pleading of my dear mother, who, like any other good mother, became reconciled and helped me in a thousand ways to attain the place I now occupy in the profession.

"Well, to continue, the next season I was given the leading part in 'In Old Kentucky.' As everyone knows, it was a tremendous success and through my work in that, I was offered and accepted the leading part in

BRONCHITIS

Everybody Knows What It Is, But
Everybody Does Not Know
What Will Cure It.

C. T. LARKINS TELLS THE PEOPLE
OF EAST LIVERPOOL.

Asked one day in his store the question, "What is good for bronchitis?" Mr. Larkins, our well known druggist, answered, "The best way I can tell you is to ask you to read this letter from Miss Anna Ray, of Bangor, Me. We have lots of such cases right here at home."

It reads as follows:

"For five years I was troubled with a terrible cough and bronchitis. I tried a great many different preparations without getting relief. I could not sleep, and I became so weak I could hardly walk, and coughing day and night. Then I took Vinol. What a godsend that first bottle was! I had not taken half of it before I noticed a change for the better. I took four bottles in all and am entirely cured, and in perfect health."

"Now I have been talking up Vinol to the people of East Liverpool for a long time," continued Mr. Larkins, "and I suppose some people think I am crazy on the subject, but really I hear such marvellous results from Vinol all the time that I believe it to be the greatest remedy for coughs, colds, bronchitis and all throat and lung troubles that we have ever sold in our store. It never disappoints people, and I do like to sell a thing that gives satisfaction. Vinol is cod liver oil medicine without the oil, and wherever old fashioned cod liver oil preparations will do good, Vinol will do more good, for it is delicious to the taste and powerful as a curative agent."

"I wish every person in East Liverpool who is overworked, run down, debilitated, every old person, every weak woman, every sufferer with fall colds, bronchitis or incipient consumption, every nervous, irritable person or any one suffering with stomach troubles, would take advantage of my guarantee to refund the money if Vinol does not help them and restore them to health. Please call at our store and learn more about it." Chas. T. Larkins, druggist.

Charles Frohman's road company then presenting 'The Wife,' 'Charity Ball,' and other society plays. The next season I was leading man under Augustus Pitou. Then, as the saying is, I got the starring bee in my bonnet.

"It was just at the time of the revival of 'The Musketeers' and I put myself out in a beautiful production of that play. When I opened it in New York, Mr. Southern was playing the same piece at another theatre and James O'Neill at another. From that I starred in 'Under the Red Robe.' It was a great play for me. At the termination of the season Miss Henrietta Crosman offered me a spring en-

gagement to play King Charles to her 'Mistress Nell' at Wallack's theatre, New York. That was a great part and a pleasant engagement.

"It was while playing this part that Mr. Jules Murry, one of the most successful managers of today, saw me and offered to star me. I was indeed pleased at the flattering offer he made me, and I signed to star under Mr. Murry for five years. He has since asked me to extend the time to ten years. Last season, which was my first under Mr. Murry, I starred in that beautiful comedy, 'The Tyranny of Tears.' For this season we have selected even a stronger and better play, 'The Mummy and the Humming Bird,' which I consider the very best play of the season. It is full of comedy and clever lines.

"What have I in view for next season? Well, it's a secret now, but one thing I will tell you, I am going back to my first love, a romantic play with plenty of dash and comedy."

ATHLETIC EXHIBITION BY Y. M. C. A. CLASSES

AN EVENT OF GREAT INTEREST
COMES NEXT WEEK.

All of Prof. State's Students Interested
And the Program Will Be a
Good One.

The department of physical culture of the Y. M. C. A. has experienced a wonderful growth during the past few months. Director E. J. State took charge of the department last October, and from that time up to the present the interest in all classes has increased.

At present there are three active, healthy classes, designated as the seniors, intermediates and juniors. All are better attended than was ever known in the history of the local association. Director State is a complete master of his profession, and many new and interesting features have been added to the athletic work which attracts new members each week. In addition to the three large active classes, the business men and older members have a separate department and are put through a course of training at regular intervals throughout the week.

The board of control is very much pleased with the manner in which Mr. State has conducted the athletics, and it is likely he will remain with the association here as long as he desires.

To appropriately wind up the winter season arrangements are being made for a grand athletic exhibition to be given at the Grand opera house next Thursday evening under the auspices of the Y. M. C. A. Director State has apportioned the work and every detail is being carefully looked after. The combined membership of the active classes will participate in the various events.

The program is as follows:
Overture—Orchestra.
Grand March—Ninety pupils.
Calisthenics—Junior Class.
Parallel Bar—Picked Class.
Wand Drill—Senior Class.
Tumbling—Marshall Green and E. J. State.
Intermission.
Fencing—M. J. McGarry and E. J. State.
Horizontal Bar—Picked Class.
Torch Swinging—S. T. Herbert and Charles Zang.
Dumb Bells—Intermediate Class.
Side Horse—Senior Class.
Military Drill—Junior Class.
Buck Vaulting—Intermediate Class.

WHAT DO YOU THINK OF THIS

A Pony Clearing Thirty Feet and Five
and One-Half Feet High Hurdles
in a Single Leap.

When the Barnum & Bailey Greatest Show on Earth comes here this season all lovers of great jumping horses and ponies will have their eyes opened and their intelligence staggered by the wonderful performances of several high and long distance jumping horses. Most of these horses were exhibited at the great annual horse show in Madison Square Garden, New York, and took first prizes.

There are 500 horses of all kinds, 10 ponies, and some tiny little ones, known as the children's pets. The horses alone are valued at \$250,000, and, indeed, they cost considerable more than that sum.

When one considers the show as a whole, with its enormous program of performances, comprising circus, aerial, ground, gymnastic, acrobatic, clowns, and other displays, its unparalleled exhibition of elephants, giraffes, two menageries, two droves of camels, giant and pigmy animals, trained animal exhibition, its three rings, two stages, hippodrome, museum, new street parade, and thousand and one other sights, it ceases to be a wonder that it is really the Greatest Show on Earth.

MERCURY A POOR CRUTCH.

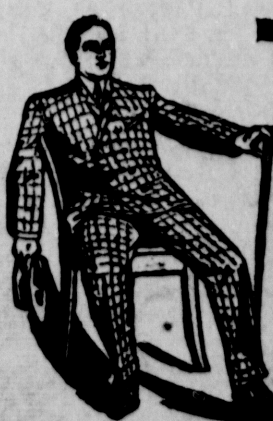

Experience is a dear teacher, as those who pin their faith to Mercury find out sooner or later. This powerful poison combined with Potash, is the treatment generally prescribed for Contagious Blood Poison, but failure and disappointment is the inevitable result. These minerals drive in the sores and eruptions, and apparently the disease is gone and the patient believes the cure permanent, but soon learns better when the old symptoms return almost as soon as the treatment is left off. You must either keep the system saturated with mercury or endure the tortures of sore mouth, ulcerated throat and the mortification that one naturally feels when the body is covered with disgusting sores, rashes, copper-colored spots and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks down the constitution, ruins the digestion and cause the bones to decay.

S. S. S., a guaranteed purely vegetable remedy, is the only antidote for Contagious Blood Poison. It destroys every atom of the deadly virus, overcomes the bad effects of the mercury and cleanses the blood and system so thoroughly that never after are any signs of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interesting and contains full directions for treating yourself at home. Medical advice or any special information desired given without charge.

MERCURY A POOR CRUTCH.

Experience is a dear teacher, as those who pin their
faith to Mercury find out sooner or later. This power-
ful poison combined with Potash, is the treatment gen-
erally prescribed for Contagious Blood Poison, but failure
and disappointment is the invariable result. These min-
erals drive in the sores and eruptions, and apparently the
disease is gone and the patient believes the cure perma-
nent, but soon learns better when the old symptoms
return almost as soon as the treatment is left off. You
must either keep the system saturated with mercury or endure the tortures
of sore mouth, ulcerated throat and the mortification that one naturally
feels when the body is covered with disgusting sores, rashes, copper-colored
spotches and other aggravating symptoms of this vile disease.

Mercury and Potash are poor crutches, and their use eventually breaks
down the constitution, ruins the digestion and cause the bones to decay.
S. S. S., a guaranteed purely vegetable remedy, is the
only antidote for Contagious Blood Poison. It de-
stroys every atom of the deadly virus, overcomes the
bad effects of the mercury and cleanses the blood and
system so thoroughly that never after are any signs
of the disease seen. Nor is the taint ever transmitted to others.

We will send free our book on Contagious Blood Poison, which is interest-
ing and contains full directions for treating yourself at home. Medical
advice or any special information desired given without charge.

DYSPEPSIA OF WOMEN

Requires Treatment Which Acts in Harmony with the Female System.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which while it causes disturbance similar to ordinary indigestion cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar utero-tonic effects as well; in other words, a derangement of the female organs may have such a disturbing effect upon a woman's whole system as to cause serious indigestion and dyspepsia, and it cannot be relieved without curing the original cause of the trouble, which seems to find its source in the pelvic organs. As proof of this theory, we call attention to the letters from Mrs. Maggie Wright and Mrs. Emma Sawyer, who were completely cured by the use of

Lydia E. Pinkham's Vegetable Compound

"DEAR MRS. PINKHAM:—For two years I suffered more or less with dyspepsia which so degenerated my entire system that I was unfit to properly attend to my daily duties. I felt weak and nervous, and nothing I ate tasted good or felt comfortable in my stomach. I tried several dyspepsia cures, but nothing seemed to help me permanently. I decided to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a different woman. Seven bottles completely cured me, and a dozen or more of my friends have used it since."—Mrs. MAGGIE WRIGHT, 12 Van Voorhis St., Brooklyn, N.Y.

Many women whose letters we print were utterly discouraged, and life lacked all joy to them when they wrote Mrs. Pinkham, Lynn, Mass., without charge of any kind. They received advice which made them strong, useful women again.

"DEAR MRS. PINKHAM:—I will write and let you know how much good Lydia E. Pinkham's Vegetable Compound has done me. I cannot express the terrible suffering I have had to endure. I was taken last May with nervous prostration, also had female trouble, liver, stomach, kidney and bladder trouble. I was in a terrible condition.

"The doctor attended me for a year, but I kept getting worse. I got so I was not able to do any work. Was confined to my bed most of the time, and thought I would never be able to do anything. People thought I would not live. I decided to try your medicine. I have taken twelve bottles of Vegetable Compound and cannot praise it too highly, for I know it will do all and even more than it is recommended to do.

"I will tell every suffering woman about your medicine and urge them to try it."—Mrs. EMMA SAWYER, Conyers, Ga.

METHODISTS CONFER

Bishops Make Quadrennial Report to General Conference at Los Angeles.

COLOR QUESTION IS INTRODUCED

Election of Negro Bishop Proposed and Opposed—Growing Intimacy Between Northern and Southern Branches of the Church.

Los Angeles, Cal., May 6.—The Methodist general conference held two sessions, the morning session being devoted to the reading of the quadrennial address of the board of bishops and the afternoon to the receipt and reference of memorials from the various annual conferences.

The last of the special trains on the transcontinental lines bearing delegates to the conference has arrived. It is estimated that there are 20,000 delegates and visitors here.

Beginning today the general conference will hold sessions only in the morning, thus allowing the delegates to give their attention during the afternoon to committee work.

Dr. George Elliott of Detroit presented a memorial asking that the committee on episcopacy consider the advisability of the election of a colored bishop. He said: "If we are to hold the 300,000 membership we now have," he said, "we ought to give them some sort of leadership which they understand and trust and which understands them."

Negro Question Is Raised.

Charles P. McClelland of New York, lay delegate, spoke in opposition to Dr. Elliott's resolution. Mr. McClelland said he was very sorry that this resolution was offered at this time, that if the church had reached a crisis in its relations with the colored people it was brought about by just such resolutions as this. He was willing, he said to see any man elevated to episcopal honors, regardless of color, when that man should attain to such work and distinction as would warrant this high recognition.

A resolution was offered by the Rev. Horace Jacobs of the Central Pennsylvania conference to request the publishers of the Daily Christian Advocate, the official organ of the conference, to withdraw from its advertising columns all reference to Sunday newspapers. One of the publishers of the Advocate gave assurance to the conference that if the resolution should be withdrawn there would be no further cause for complaint on that score.

Four Years' Work Reviewed.

The reading of the quadrennial address of the bishops of the M. E. church to the general conference was the feature of the day's session. Bishop Cyrus D. Foss of Philadelphia, read the address. The present membership of the church was reported as 3,031,918, an increase of 138,025 during the four years. The Sunday schools include an aggregate of 3,124,644. The world-wide scope of the work of the church was indicated by

the brief review of the administration of bishops of the foreign lands. Three features of the last quadrennium were emphasized as standing out prominently—the twentieth century thank offering movement, which brought \$20,000,000 into the treasury of the church for the work of education, philanthropy and debt-paying; the open door emergency missionary revival, which has inspired the church with new generosity, and the biennial observances which all over the English speaking world commemorated the two hundredth anniversary of John Wesley's birth.

The American university at Washington was strongly commended, as well as the Woman's college of Baltimore, which indirectly suffered severe losses during the recent fire in that city. The relations of the Methodist Episcopal church and the Methodist Episcopal Church South were declared to be growing more fraternal and intimate. A common hymnal, a common catechism and a uniform order of service are almost ready for publication.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

CAREER AT AN END.

Italian Statesman Found Guilty of Embezzlement and Forgery.

Rome, May 6.—There was a great sensation in the chamber of deputies at the conclusion of the parliamentary inquiry into the administration of Signor Nasi, former minister of public instruction. The inquiry proved Nasi to have misappropriated a large sum of money, falsified documents, suppressed evidence and speculated.

The law courts presented to the chamber a demand that they be allowed to proceed against Nasi and arrest him, but under the rules of the chamber the discussion of this demand was postponed until Saturday next. Meanwhile the news that Nasi had been declared guilty of the charges against him spread, and the former minister, believing all to be lost, fled.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed, and they will cure chronic constipation. Price 25 cents. Every box is warranted. For sale by Alvin M. Berlin, May 6.—The Hamburg-American Steamship company has ordered a vessel of 35,000 tons, 715 feet long and having capacity for 1,200 cabin and 2,388 steerage passengers, besides the usual saloons. Its freight capacity will be 14,000 tons. This new marine monster will have a restaurant and tickets will be made to read "with food" or "without food."

APPENDICITIS CAUSED BY CONSTIPATION

A Great Majority of the Cases of This Very Dangerous Disease Caused by Clogged Condition of the Bowels—A Certain Natural Cure for Constipation.

Constipation—serious and distressing as it is in itself—leads yet to more dangerous and fatal diseases. It is the most common cause of appendicitis which so often results in death either before or after an operation with the knife. Constipation also causes piles, a most painful and distressing disease.

Female troubles, misplacements, suppressed and painful menses and, in fact, most of the evils and suffering peculiar to the sex are chiefly due to a constipated condition of the bowels.

Flushed, feverish face, backache, vertigo, or dizziness and the dull, heavy, tired feeling are, in nearly all cases, the direct and immediate result of constipation. It is a condition that no time should be lost in getting rid of if health and life are valued.

Iron-Ox Tablets are the one natural, safe and permanent cure for constipation. They act in a mild but determined manner and strengthen the digestive organs so that they are able to perform their natural work. They do not, like strong drugs and cathartics, shock these organs, cause unnatural disturbance and weaken and destroy the delicate membranes and tissues. Physics and purgatives afford only temporary relief, and the constipated condition returns in a more aggravated form than ever, because the tissues of the stomach and bowels, having been shocked and weakened, are unable to withstand and overcome the poisons caused by decay of waste matter which they are no longer able to expel.

Iron-Ox Tablets contain exactly the same essential elements as the secretions of the liver, stomach and kidneys, and they compel the proper digestion of food and the proper assimilation of food nutriment and thus assist these organs to do their natural work in a natural way. They cure you of constipation, and do it in a safe, natural manner, and cure you to stay cured.

Fifty Iron-Ox Tablets in an attractive aluminum pocket case, 25 cents at druggists or from the Iron-Ox Remedy company, Detroit, Mich.

"Doctors Said I Could Not Live, but Duffy's Pure Malt Whiskey Cured Me in Three Months."

"I Had Hemorrhages and Was Reduced to a Skeleton, But Your Wonderful Remedy Built Me Up and I Gained 60 Pounds," Says Cora Riley, Coatesville, Pa.

"Four years ago I was a mere skeleton. I had been in poor health since childhood. The doctors told me it was consumption and that I could not get well. As winter approached my cough became more severe and my condition so serious that I had a number of hemorrhages, and my weight was reduced to less than ninety pounds."

"I first learned that Duffy's Pure Malt Whiskey was good for consumption through reading one of your advertisements in a Philadelphia paper. Then my family took the matter up with our local druggist and he recommended your whiskey as such a grand cure for consumption that I began taking it in October and continued its use through the winter. I began to improve at once and within three months I was cured of my consumption."

"I am glad to tell you now, after a lapse of nearly four years, that I am in perfect health and weigh over 150 pounds. I attribute my being alive and strong, and well to your wonderful Malt Whiskey." This testimonial is published in good faith and guaranteed.

Duffy's Pure Malt Whiskey

The Great Consumption and Throat Cure.

Is used by over 9,000 doctors and hospitals exclusively as the one complete and perfect cure for consumption, coughs, colds, grip, bronchitis, asthma, pleurisy, pneumonia, catarrh and all diseases of throat and lungs; indigestion, dyspepsia and every form of stomach trouble; nervousness, malaria and all low fevers, and for all weakened, run-down, diseased or failing conditions of body, brain, nerve and muscle.

Duffy's Pure Malt Whiskey not only drives out disease germs, but builds up new tissues and renovates the entire system. It aids digestion, enriches the blood, stimulates circulation, tones up the heart, quiets the nerves, and nourishes and builds up the body so that it will throw off all present disease.

At the medical convention in Albany A. LEADING DOCTOR SAID: "I would rather have Duffy's Pure Malt Whiskey to cure consumption and diseases of the throat and lungs than all other medicines in the world." And the doctors present agreed with him unanimously.

Duffy's Pure Malt Whiskey is invaluable for tired-out, overworked, worried men, delicate, nervous women, and sickly children. It promotes health and long life, keeps the old young, and makes the young strong.

It is absolutely pure, contains no fusel oil, and is the only whiskey recognized by the Government as a medicine. This is a guarantee.

Caution.—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mindful of the existence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put out for profit only and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey which contains medicinal, health-giving qualities. Duffy's Pure Malt Whiskey is sold in sealed bottles only; never in flask or bulk. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. Beware of refills. Beware of cheap imitations.

Sold by all druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free. Duffy Malt Whiskey Co., Rochester, New York.

RUMORS OF BATTLES

Japanese Landing Third Army to Take Port Arthur in the Rear.

PLANS CAREFULLY CONCEALED

Story of Second Fight at Feng-Wang-

Cheng Not Confirmed—Russians

Prepared for Another Desperate

Encounter—No News from Front.

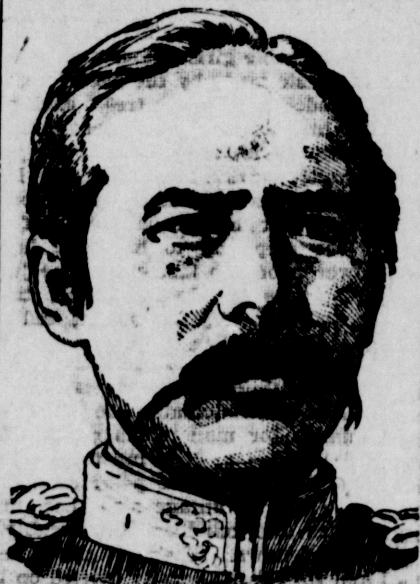

London, May 6.—A dispatch to the Central News from St. Petersburg says a rumor is current there that a second battle has been fought at Klu-Lien-Cheng, in which the Russian loss was 7,000, the Japanese loss 10,000 men, and resulted in the Japanese being driven back in disorder.

New-Chwang, May 6.—Five Japanese warships with a large number of transports have been seen near Kin-Chou bay, on the west coast of the Liao-Tung peninsula, north of Port Arthur.

Paris, May 6.—A dispatch to the Temps from St. Petersburg confirms a previous report to the effect that the Japanese fleet reappeared off Port Arthur and that an engagement occurred off Wonsan, Korea, between a Japanese squadron and the Russian squadron from Vladivostok.

Port Arthur, May 6.—The Japanese squadron is behind the Liao-Shan promontory, south of Port Arthur. Transports with Japanese troops on board have arrived at Pitsewo, northeast of Port Arthur, with the object of making a landing.

Pitsewo is situated on the east coast of the Liao-Tung peninsula and about 75 miles northeast of Port Arthur. It is near the narrowest part of the peninsula, along which passes the railroad connecting Port Arthur with Mukden and Harbin. Kin-Chou bay, where Japanese transports are also reported to have been sighted, is on the west coast of the Liao-Tung peninsula and not far from Pitsewo.

GENERAL KUROKI, Commander of Japanese Army in Sunday's Fight Along Yalu River.

Tokio, May 6.—A telegram has been received here from General Kuroki in which he reports that a careful search of the battlefield of last Sunday revealed 200 additional wounded and dead Russians.

St. Petersburg, May 6.—3:30 A. M.—With Vice Admiral Togo hovering in the immediate vicinity of Port Arthur and transports loaded with troops lying at Pitsewo, northeast of that stronghold, Russia has braced herself for impending conflicts with the foe in which she will again play a defensive role, this time, it is hoped, with better success and therefore with less sacrifice of life than in the engagements on the Yalu.

The war commission sat until 2 o'clock this morning and at the close of the session it was announced that there was nothing to communicate to the public. It is known, however, that the emperor has been informed of the presence of a Japanese fleet off the Liao-Shan promontory and the appearance of transports at Pitsewo.

Japs Would Gain Advantage. The fact that the two events occurred simultaneously may have significance. If a landing should take place at Pitsewo it is anticipated that Togo's battleship squadron will bombard Port Arthur in order to prevent the garrison from sending reinforcements by railroad to the troops opposing the Japanese there.

An important advantage would accrue to the Japanese should they succeed in establishing themselves at Pitsewo. From there radiate roads connecting with the railroad at Yang-Ti-Tien—directly west to south, with Sanchellipon and Kinchow stations on the railroad nearer Port Arthur, north with Kalping and northeast through Takushan with Fenghuang-Cheng.

A landing at this moment would make it difficult for General Kuropatkin to concentrate a formidable force against General Kuroki, whose forward movement is not yet reported. Furthermore, once the Japanese are across the railroad Port Arthur will be as good as besieged.

The absence of press dispatches telling of the fight on the Yalu is partially explained by the heavy mortality among the correspondents. Three of the Novosti's correspondents are missing and it is believed they were killed, while the Russ lost one of its correspondents. The other journalists are wiring to ascertain if their representatives are alive.

WOMEN DELEGATES AT THE CONFERENCE

Represented at the Great Methodist Meeting for the First Time.

QUESTIONS FOR DECISION

Include the Proposed Elimination of the Paragraph of Discipline That Condemns Dancing, Card Playing, Theatres, Etc.—Strong Opposition.

The general conference of the Methodist Episcopal church now in session at Los Angeles, has three New England women, for the first time in its history, as duly credited delegates among the 800 representatives of the church who compose the conference and who come from all parts of the world, and who are acting for the 3,000,000 people of the great Methodist church.

They are: Mrs. Gertrude Durrell, of Cambridge; Mrs. A. H. Webb, of Bradford, Vt., and Miss Mary A. Danforth, of Colebrook, N. H. They are among the 19 lay delegates sent by the six New England conferences, together with 19 ministers.

Mrs. Gertrude Durrell, of Cambridge, was born in Greene, Me., the daughter of a Free Baptist minister. In October, 1871, she married Oliver H. Durrell, one of the founders and partners of the firm of Brown-Durrell & Co. Mr. Durrell was one of the most prominent laymen in New England Methodism, in addition to being an eminent merchant.

Mrs. A. H. Webb, of Bradford, Vt., is the wife of the pastor of the Methodist church in that town. She is a cultured, enthusiastic worker for the things that Methodism represents. She was selected by the Vermont delegation to lead the lay members, and the fact that she was elected over a large number of the most prominent men in the state is an evidence of the value the laymen place upon her services to the church.

Perhaps the best known of the trio of women to represent New England is the member from New Hampshire, Miss Mary A. Danforth. She is a returned missionary from Japan. She was born in Pittsburg, N. H., in 1867, but moved to her present home in Colebrook at an early age, and was graduated from Tilton in 1884. Four years later she became a missionary in Japan and remained in that country five years, establishing during that time a large school for girls at Nagoya, making, in the face of violent opposition, the first attempt for a definite work for women in that city.

Miss Danforth was in Japan during the terrible earthquake of 1891, when 10,000 people were killed and more than 100,000 others were mangled, crippled or otherwise injured, and when 90,000 houses were wholly demolished. The famine and epidemics following the catastrophe broke down

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be—young or old.

her health and she was obliged to return home.

One of the questions which the conference will consider is whether the church will order the elimination of a portion of paragraph 248 of the discipline, which practically condemns card playing, theatres and circus-going, horse races and dancing schools, "or taking such other amusements as are obviously of a misleading or questionable moral tendency."

At present any member of the Methodist Episcopal church who does any one of these things is expected to be reproved or admonished by his pastor or class leader. If he persists in doing them the pastor can call in "one or two discreet members of the church."

If acknowledgement of the fault is made and proper humiliation be shown the person may be borne with. If, however, there be a third offense, then comes a trial, and if the person be found guilty, and there be no sign of real humiliation, "he shall be expelled."

There are many of the leaders who are said to be in favor of taking this feature from the church mandates and leave the matter entirely with the conscience of the individual member. There are others, and, perhaps, the majority, who say: "Let the law stay where it is, and if a man can't be a Methodist without engaging in these things let him seek another and more congenial fold."

The term limit for pastors will be also discussed. In 1900 the conference removed the time limit of three years, and this year a call for its restoration is expected. Terms of four years are said to be most in favor.

An increase in the number of bishops will probably be made. There are now nineteen members of the Episcopal College. It is expected that four, and possibly six, new men will be elevated to the highest honor in the gift of the church.

If New England is to be considered in the choice of new bishops, and there are many who say "yes," the candidate will be Rev. Edward M. Taylor, of Cambridge, a member of the New England conference delegation, and one of the strongest men in the church. Dr. Taylor is a great preacher, a man of tremendous energy, and the possessor of administrative qualities that make him a worthy candidate. The fact that a New England man was elected four years ago may work against Dr. Taylor, but his friends are sure if the choice falls upon him the church will honor itself by his selection.

The members of the general conference are not paid for their services, but each one has his expenses paid and is allowed \$2 per day for hotel at the seat of the conference. An election to the general conference is always considered a highly prized honor. This is the first time, with the exception of Omaha in 1902, that the general conference has gone west of the Mississippi river for its session. It promises to be the largest and most important session in the history of the church.

ELKS' REUNION IN JULY NEXT

A Great Event For Which Elaborate Preparations Are Made.

THE CINCINNATI LODGE

Has Raised a Large Sum Which Will Be Spent in Entertaining the Order. Large Number of Prizes Will Be Distributed.

Elks will be interested in an outline of the plans for the Elks' reunion to be held in Cincinnati the week of July 12. Cincinnati lodge claims it will be the greatest reunion in the history of the order, and that the scheme of entertainment for visitors is the most elaborate ever attempted.

More than \$40,000 has not only been subscribed, but paid to the reunion committee by citizens. This will be spent for entertainment and various prizes. The reunion committee consists of 26 members of Cincinnati lodge, with August Herrmann, recently elected exalted ruler, as chairman. Assisting them is a committee of 100 prominent citizens and a ladies' reception committee of 50. From reports received at reunion headquarters it is believed 30,000 Elks and 5,000 ladies will attend.

The formal opening will be the morning of July 19, in Music Hall. It is to be marked by an elaborate musical program, in which noted soloists and a trained chorus of 200 are features. The features of the entertainment include the following:

A mammoth Kentucky barbecue with burgoo, athletic tournament and music at the Latonia race track; an old fashioned family picnic in famous Eden park, with refreshments free and an elaborate display of fireworks at night; band concerts at the baseball park, followed by a game of baseball between National league teams; boat excursions up and down the beautiful Ohio river, where the scenery surpasses even that of the Hudson in New York; trips to the various amusement resorts in and near Cincinnati; a night celebration of the eleven o'clock toast not only by all Elks, but by the entire city, by direction of Mayor Fleischmann.

The annual parade will be the greatest in the history of the order. The city will be beautifully illuminated and decorated. The reunion committee is spending \$12,000 to illuminate streets and public squares. Liberal prizes offered for individual decorations and illuminations has caused liveliest competition and the business district will be a mass of light and color. The prizes offered for the reunion follow:

Parade—To the lodge having the greatest number in the parade, \$500; to the lodge having the greatest aggregate mileage, \$500; to the best appearing lodge, \$500; to the lodge having the most unique uniform, \$500; to the lodge accompanied by the most ladies, \$500.

Band Contests—Bands of class A (30 or more pieces), first prize, \$1,000; second prize, \$250; second class (less than 30 pieces), first prize, \$500; second prize, \$250.

Illuminations—First, \$1,000; second, \$500.

IT COSTS YOU NOTHING

Will Reel Will Return Your Money If Mi-o-na Does Not Cure You.

There are hundreds of people in East Liverpool who were not the least bit surprised when they read in the News Review that Will Reed is selling Mi-o-na on a guarantee to refund the money in case it did not cure. This marvelous dyspepsia remedy will cure the worst case of indigestion, headache, dizziness or the general played out condition that afflicts every one suffering with stomach trouble.

Mi-o-na does not simply relieve; it cures. Will Reed can tell you of many well known people in this city whom this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit.

The best kind of advertising is the praise of a pleased customer. And there are hundreds in East Liverpool today praising Mi-o-na because it cured them. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na they eat what they want and when they want with no fear of suffering.

This medicine is in the form of a small tablet, very pleasant to take and costs only 50c a box. It is a pure medicine that speedily and permanently cures all forms of stomach trouble and is the only one that can be sold under a positive guarantee without any restriction, to refund the money if it does not cure.

The Whole Hog.

Whence comes the expression "to go the whole hog," which occupies so prominent a position in fiscal politics? asks the Liverpool Post. In one authoritative work on such matters it is stated that the phrase probably arose from the Arabian story versified in Cowper's "Love of the World Reproved." Mohammed allowed his followers to eat pork, except one portion of the animal, which he did not specify, and consequently strict Mohammedans were debarred from eating any. Others, however, "thought it hard from the 'whole hog' to be debarred," and so "with sophistry their sauce they sweeten, till quite from tail to snout 'tis eaten." In an American book on political squibs, published in 1844, the author says, "To go the whole hog is an American-English phrase for radical reform and is much used here by the Democratic party to distinguish them from the Federalists, who don't profess such sweeping notions and consequently go only a part of the interesting quadruped in question."

"Had Had Had."

"While you're discussing the peculiarities of the English language," remarked the publisher as at the Franklin Inn club the other afternoon he sat down to his after luncheon cigar, "has it ever struck you that the word 'had' can, with perfect correctness, occur three times successively in an ordinary English sentence? No? Well, it can. Only the other evening I came across an instance. It was at the meeting of a certain association I am interested in, and there the secretary in reading the minutes said, 'The chairman of the committee then reported that the troubles which they had had had now been overcome.'"

"That's interesting," chimed in the literary man, "but it's nothing to the possibilities of recurrence we can correctly get out of the word 'that.' You may say that that 'that' that that speaker indicated was not that 'that' that that gentleman intended.—Philadelphia Press.

City Residents Nearsighted. "The race is growing nearsighted, owing to city life and the conditions of our civilization," said an eye specialist. "Our visual range is confined to near objects for the greater part of the day," said he, "and this keeps the eyes turned in. An object twenty feet away will make the eyeballs parallel."

"Anything less will turn them in, and people who spend their hours in offices and crowded flats necessarily have a short range of vision, which overworks and weakens the interior muscles close to the nasal cavity."

The exterior muscles not being so strained are strong and hence cause the eyes to turn out. Let a person who is thus affected spend a week or two in the country and his eyes become normal again, because he gets greater range of vision. Savages are generally farsighted.—Jewelers' Circular-Weekly.

Wooded With Music.

Among the Yao Midos, one of the many Burmese-Tartar people, the young men woo their wives absolutely without words, but to the sound of music. On the first day of winter they

have a great feast, at which all the marriageable girls gather and listen to the music made by the bachelors, who sit under the "desire tree," each playing his favorite instrument. As the maiden he loves passes him the youth plays louder and more feelingly. If the girl ignores him and passes on he knows that she will have none of him; if she steps up to him and lays a flower upon the instrument, he jumps up, grasps her by the hand, taking care not to drop the flower, and they go away together.

Dogs in the Arctic.

Dogs are undeniably the most useful animals for man in his polar expeditions where sledges must be dragged over the ice of the polar sea. They have the advantage also that, unlike horses and reindeer, they readily eat their fellows. Their weight is small, and they can be easily carried on light boats or on ice floes. As the Danish government has forbidden the exportation of dogs from Greenland explorers usually get their animals from western Siberia.

Wonderful Fireworks.

A manufacturer of pyrotechnics in Nagasaki, Japan, makes a rocket from which, when it explodes in the air, there flies away a large bird which resembles a homing bird in its movements. It is said that the secret of this wonderful production has been in the possession of the eldest child of the family for more than 400 years.

Wretched Postal Service.

Tailor—The postal service is in a wretched condition. Friend—Never noticed it. Tailor—Well, I have. During last month I sent out 180 statements of account, with requests for immediate payment, and so far as I can learn not more than two of my customers received their letters.—New Yorker.

Origin of Measles.

"If I understand this measles business right," says a Carthage punster, "the German measles come from a germ, the French measles from a Parisite, the Irish measles from a Mike-crohe and the black measles from Africa."—Carthage (Mo.) Press.

Include the Proposed Elimination of the Paragraph of Discipline That Condemns Dancing, Card Playing, Theatres, Etc.—Strong Opposition.

The general conference of the Methodist Episcopal church now in session at Los Angeles, has three New England women, for the first time in its history, as duly credited delegates among the 800 representatives of the church who compose the conference and who come from all parts of the world, and who are acting for the 3,000,000 people of the great Methodist church.

They are: Mrs. Gertrude Durrell, of Cambridge; Mrs. A. H. Webb, of Bradford, Vt., and Miss Mary A. Danforth, of Colbrook, N. H. They are among the 19 lay delegates sent by the six New England conferences, together with 19 ministers.

Mrs. Gertrude Durrell, of Cambridge, was born in Greene, Me., the daughter of a Free Baptist minister. In October, 1871, she married Oliver H. Durrell, one of the founders and partners of the firm of Brown-Durrell & Co. Mr. Durrell was one of the most prominent laymen in New England Methodism, in addition to being an eminent merchant.

Mrs. A. H. Webb, of Bradford, Vt., is the wife of the pastor of the Methodist church in that town. She is a cultured, enthusiastic worker for the things that Methodism represents. She was selected by the Vermont delegation to lead the lay members, and the fact that she was elected over a large number of the most prominent men in the state is an evidence of the value the laymen place upon her services to the church.

Perhaps the best known of the trio of women to represent New England is the member from New Hampshire, Miss Mary A. Danforth. She is a returned missionary from Japan. She was born in Pittsburg, N. H., in 1867, but moved to her present home in Colbrook at an early age, and was graduated from Tilton in 1884. Four years later she became a missionary in Japan and remained in that country five years, establishing during that time a large school for girls at Nagoya, making, in the face of violent opposition, the first attempt for a definite work for women in that city.

Miss Danforth was in Japan during the terrible earthquake of 1891, when 10,000 people were killed and more than 100,000 others were mangled, crippled or otherwise injured, and when 90,000 houses were wholly demolished. The famine and epidemics following the catastrophe broke down

OIL FOR THE BODY

You can't lose an atom without feeling it. The body is like an engine, a watch, a machine; must be kept in good order to run right.

That's the reason Scott's Emulsion is so successful in all wasting diseases. It feeds, nourishes and strengthens when ordinary food won't.

Doctors say Scott's Emulsion is the best nourishment for those who are not as well as they should be—young or old.

her health and she was obliged to return home.

One of the questions which the conference will consider is whether the church will order the elimination of a portion of paragraph 248 of the discipline, which practically condemns card playing, theatres and circus-going, horse races and dancing schools, "or taking such other amusements as are obviously of a misleading or questionable moral tendency."

At present any member of the Methodist Episcopal church who does any one of these things is expected to be reproved or admonished by his pastor or class leader. If he persists in doing them the pastor can call in "one or two discreet members of the church."

If acknowledgement of the fault is made and proper humiliation be shown the person may be borne with. If, however, there be a third offense, then comes a trial, and if the person be found guilty, and there be no sign of real humiliation, "he shall be expelled."

There are many of the leaders who are said to be in favor of taking this feature from the church mandates and leave the matter entirely with the conscience of the individual member. There are others, and, perhaps, the majority, who say: "Let the law stay where it is, and if a man can't be a Methodist without engaging in these things let him seek another and more congenial fold."

The term limit for pastors will be also discussed. In 1900 the conference removed the time limit of three years, and this year a call for its restoration is expected. Terms of four years are said to be most in favor.

An increase in the number of bishops will probably be made. There are now nineteen members of the Episcopal College. It is expected that four, and possibly six, new men will be elevated to the highest honor in the gift of the church.

If New England is to be considered in the choice of new bishops, and there are many who say "yes," the candidate will be Rev. Edward M. Taylor, of Cambridge, a member of the New England conference delegation, and one of the strongest men in the church. Dr. Taylor is a great preacher, a man of tremendous energy, and the possessor of administrative qualities that make him a worthy candidate. The fact that a New England man was elected four years ago may work against Dr. Taylor, but his friends are sure if the choice falls upon him the church will honor itself by his selection.

The members of the general conference are not paid for their services, but each one has his expenses paid and is allowed \$2 per day for hotel at the seat of the conference. An election to the general conference is always considered a highly prized honor. This is the first time, with the exception of Omaha in 1902, that the general conference has gone west of the Mississippi river for its session. It promises to be the largest and most important session in the history of the church.

ELKS' REUNION IN JULY NEXT

A Great Event For Which Elaborate Preparations Are Made.

THE CINCINNATI LODGE

Has Raised a Large Sum Which Will Be Spent in Entertaining the Order. Large Number of Prizes Will Be Distributed.

Elks will be interested in an outline of the plans for the Elks' reunion to be held in Cincinnati the week of July 12. Cincinnati lodge claims it will be the greatest reunion in the history of the order, and that the scheme of entertainment for visitors is the most elaborate ever attempted.

More than \$40,000 has not only been subscribed, but paid to the reunion committee by citizens. This will be spent for entertainment and various prizes. The reunion committee consists of 26 members of Cincinnati lodge, with August Herrmann, recently elected exalted ruler, as chairman. Assisting them is a committee of 100 prominent citizens and a ladies' reception committee of 50. From reports received at reunion headquarters it is believed 30,000 Elks and 5,000 ladies will attend.

The formal opening will be the morning of July 19, in Music Hall. It is to be marked by an elaborate musical program, in which noted soloists and a trained chorus of 200 are featured. The features of the entertainment include the following:

A mammoth Kentucky barbecue with burgo, athletic tournament and music at the Latonia race track; an old fashioned family picnic in famous Eden park, with refreshments free and an elaborate display of fireworks at night; band concerts at the baseball park, followed by a game of baseball; between National league teams; boat excursions up and down the beautiful Ohio river, where the scenery surpasses even that of the Hudson in New York; trips to the various amusement resorts in and near Cincinnati; a night celebration of the eleven o'clock toast not only by all Elks, but by the entire city, by direction of Mayor Fleischmann.

The annual parade will be the greatest in the history of the order. The city will be beautifully illuminated and decorated. The reunion committee is spending \$12,000 to illuminate streets and public squares. Liberal prizes offered for individual decorations and illuminations has caused liveliest competition and the business district will be a mass of light and color. The prizes offered for the reunion follow:

Parade—To the lodge having the greatest number in the parade, \$500; to the lodge having the greatest aggregate mileage, \$500; to the best appearing lodge, \$500; to the lodge having the most unique uniform, \$500; to the lodge accompanied by the most ladies, \$500.

Band Contests—Bands of class A (30 or more pieces), first prize, \$1,000; second prize, \$250; second class (less than 30 pieces), first prize, \$500; second prize, \$250.

Illuminations—First, \$1,000; second, \$500.

IT COSTS YOU NOTHING

Will Reed Will Return Your Money If Mi-o-na Does Not Cure You.

There are hundreds of people in East Liverpool who were not the least bit surprised when they read in the News Review that Will Reed is selling Mi-o-na on a guarantee to refund the money in case it did not cure. This marvelous dyspepsia remedy will cure the worst case of indigestion, headache, dizziness or the general played out condition that afflicts every one suffering with stomach trouble.

Mi-o-na does not simply relieve; it cures. Will Reed can tell you of many well known people in this city whom this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit.

The best kind of advertising is the praise of a pleased customer. And there are hundreds in East Liverpool today praising Mi-o-na because it cured them. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na they eat what they want and when they want with no fear of suffering.

This medicine is in the form of a small tablet, very pleasant to take and costs only 50c a box. It is a pure medicine that speedily and permanently cures all forms of stomach trouble and is the only one that can be sold under a positive guarantee without any restriction, to refund the money if it does not cure.

The Whole Hog.

Whence comes the expression "to go the whole hog," which occupies so prominent a position in fiscal politics? asks the Liverpool Post. In one authoritative work on such matters it is stated that the phrase probably arose from the Arabian story versified in Cowper's "Love of the World Reproved." Mohammed allowed his followers to eat pork, except one portion of the animal, which he did not specify, and consequently strict Mohammedans were debarred from eating any. Others, however, "thought it hard from the 'whole hog' to be debarred," and so "with sophistry their sauce they sweeten, till quite from tail to snout 'tis eaten." In an American book on political squibs, published in 1844, the author says, "To go the whole hog is an American-English phrase for radical reform and is much used here by the Democratic party to distinguish them from the Federalists, who don't profess such sweeping notions and consequently go only a part of the interesting quadruped in question."

"Had Had Had."

"While you're discussing the peculiarities of the English language," remarked the publisher as at the Franklin Inn club the other afternoon he sat down to his after luncheon cigar, "has it ever struck you that the word 'had' can, with perfect correctness, occur three times successively in an ordinary English sentence? No? Well, it can. Only the other evening I came across an instance. It was at the meeting of a certain association I am interested in, and there the secretary in reading the minutes said, 'The chairman of the committee then reported that the troubles which they had had had now been overcome.'"

"That's interesting," chimed in the literary man, "but it's nothing to the possibilities of recurrence we can correctly get out of the word 'that.' You may say that that 'that' that that speaker indicated was not that 'that' that that gentleman intended."—Philadelphia Press.

City Residents Nearsighted.

"The race is growing nearsighted, owing to city life and the conditions of our civilization," said an eye specialist. "Our visual range is confined to near objects for the greater part of the day," said he, "and this keeps the eyes turned in. An object twenty feet away will make the eyeballs parallel. 'Anything less will turn them in, and people who spend their hours in offices and crowded flats necessarily have a short range of vision, which overworks and weakens the interior muscles close to the nasal cavity."

"The exterior muscles not being so strained are strong and hence cause the eyes to turn out. Let a person who is thus affected spend a week or two in the country and his eyes become normal again, because he gets greater range of vision. Savages are generally farsighted."—Jewelers' Circular-Weekly.

Wooded With Music.

Among the Yao Midos, one of the many Burmese-Tartar people, the young men woo their wives absolutely without words, but to the sound of music. On the first day of winter they

have a great feast, at which all the marriageable girls gather and listen to the music made by the bachelors, who sit under the "desire tree," each playing his favorite instrument. As the maiden he loves passes him the youth plays louder and more feelingly. If the girl ignores him and passes on he knows that she will have none of him; if she steps up to him and lays a flower upon the instrument, he jumps up, grasps her by the hand, taking care not to drop the flower, and they go away together.

Dogs in the Arctic.

Dogs are undeniably the most useful animals for man in his polar expeditions where sledges must be dragged over the ice of the polar sea. They have the advantage also that, unlike horses and reindeer, they readily eat their fellows. Their weight is small, and they can be easily carried on light boats or on ice floes. As the Danish government has forbidden the exportation of dogs from Greenland explorers usually get their animals from western Siberia.

Wonderful Fireworks.

A manufacturer of pyrotechnics in Nagasaki, Japan, makes a rocket from which, when it explodes in the air, there flies away a large bird which resembles a homing bird in its movements. It is said that the secret of this wonderful production has been in the possession of the eldest child of the family for more than 400 years.

JANOWSKI STILL LEADS.

Chess Players at Cambridge Springs Complete Seventh Round.

Cambridge Springs, Pa., May 6.—When play was closed in the seventh round of the international chess masters' tournament Janowski was still in the lead with 6½ points, Marshall being second, half a point behind, while Teichmann held third place with five points. Mieses stood fourth, with Lasker, Fox and Showalter each with four to his credit. Barry's clever play against Lasker, who will probably lose the adjourned game he has in hand with the Bostonian; Lawrence's clever victory over Pillsbury; and Napier's well deserved score against Teichmann were the principal features.

The results follow: Lasker and Barry adjourned a Dutch defense after 50 moves, the latter having a superior position; Lawrence beat Pillsbury, Sicilian defense, 31 moves; Schlechter lost to Marshall, King's bishop opening, 38 moves; Hodges lost to Napier, queen's gambit declined, 46 moves; Showalter and Marco drew, queen's pawn opening, 25 moves; Mieses lost to Tschigorin, Danish gambit, 54 moves.

QUAY IS VERY ILL.

His Private Secretary Is Given a Foreign Appointment.

Washington, May 6.—Senator Quay is at his home in this city and has no intention of leaving here. His physical condition is such as to cause his friends some anxiety. He is very weak and, while he occasionally drives about the city and on one or two occasions has visited the departments on official business since the adjournment of congress, he is accompanied invariably by his daughter or an attendant.

In this connection it is regarded as significant that among the executive appointments announced was that of William F. Wright to be consul general of the United States to Munich. Mr. Wright for many years has been Senator Quay's secretary and confidential clerk. It is regarded as likely that this provision is made for Mr. Wright for the reason that Mr. Quay may feel that his work in congress is nearing an end.

STRUGGLE FOR LIFE

Mrs. Powell Tells About Killing of Essie Albin in the Attic.

STOLID PRISONER BREAKS DOWN

Defendant's Testimony Interrupted by Irresistible Rush of Emotion—Miss Albin's Relations With Mr. Powell May Be Introduced.

Dover, Del., May 6.—For the first time since the gruesome discovery of the mangled body of Estella Albin in her attic, Mrs. Mary Powell, the self-confessed slayer of the girl, has broken down. She gave vent to her feelings while under cross-examination and sobbed as though her heart would break.

Throughout all the proceedings from the date of the murder up to and including the trial this week, Mrs. Powell has maintained a stolid indifference, which has been remarkable when it was considered that the girl she is charged with killing had been an inmate of her home for seven years. After her harrowing recital, however, the woman's heart could bear up no longer, and although she made a mighty effort to regain her composure, she could not, and she cried out in her anguish:

"Oh, I didn't mean to do it." The woman's passionate weeping brought tears to many of the spectators and the woman's lawyers, too, wept. Attorney General Ward was dignified but merciless and plied the woman with questions relative to the struggle with the girl in the garret.

In her cross-examination by Mr. Ward, Mrs. Powell detailed again every incident of the deadly combat in the attic which she had given minutely at the morning session, but added that while she struggled with Essie the latter got her knee on defendant's right hand, and while Essie held her firmly by the throat tore off her apron and proceeded to choke witness, who was underneath her. Then Mrs. Powell was getting weaker all the time.

"How did you get that knife out of your right pocket and get it open if she was holding your hand under her knee?" asked Mr. Ward.

"I snatched it out from under her leg."

"How long did you fight, as you say, before you cut her?"

"Well, until I was losing strength and knew she was going to take my life." But she did not finish the sentence. She broke down and sobbed piteously.

Justice Spruance ordered a glass of water and a fan for the prisoner and after while she became quiet and her cross-examination was concluded.

Defendant's counsel fought with the prosecution until the night adjournment, citing authorities upon which they seek to get in their testimony about an attempt by Essie Albin to take Mrs. Powell's life by poisoning her coffee.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system.

In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin B. Baiger.

LEAPED FROM BRIDGE.

Woman Jumps 135 Feet Into East River at Williamsburg.

New York, May 6.—The first suicide from the new Williamsburg bridge which spans the East river a mile above the old Brooklyn bridge was recorded when an unknown woman leaped to death in the river 135 feet below.

The woman was observed by the various policemen, but before they could reach her side she leaped over the railing and shot down to the water. As she descended, feet foremost, her skirts filled, forming a sort of parachute, and just before reaching the body her body turned and she went into the water head first. The officers shouted and blew their whistles to attract the crew of a tugboat which was passing within 20 feet of the woman, but they were unsuccessful and she sank.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Shepherdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Will Reed, Charles T. Twenty Million Catarrh Victims!

CAN YOU REALIZE IT? ARE YOU ONE OF THEM?

And every victim caught it from some one else. BRAZILIAN BALM A POSITIVE CURE.

Cheapest and best remedy on earth. A \$1.00 bottle gives One Month's treatment. A Tonic and Strength Builder FREE with every \$1.00 Bottle.

If Twenty Millions of our people had Smallpox, Typhoid Fever or Cholera, what a cyclone of excitement and horror would sweep over the land. What a rush to get away from it, and what a mighty effort would be made to stamp it out.

Yet CATARRH is worse than either of them. They do their work quick and it is over; while Catarrh hangs on forever and leads to sure death in some form unless the germs are destroyed and driven from the system.

These germs or microbes entrench themselves in the deep and tortuous passages of the head. Brazilian Balm boldly attacks them in their stronghold and compels a surrender of the last microbe. With the head rotting away, the whole system soon becomes impregnated. It is the parent of nearly every other disease.

plain; in forest and prairie. The rich, the poor, the business man, the mechanic, the laborer, the mistress, the maid; it knows no class, no sex, no station. It is the universal malady, the yellow destroyer, the disease that is the parent of nearly all other diseases, the slow but sure yellow death, the curse of the land.

Urgency.

Something must be done to arrest this rapidly spreading scourge and doing quickly. Each individual must wake up, each community must wake up, and the Nation must wake up and take prompt action to stay the progress of the plague. The one remedy that has been found able to cope with this putrid disease and stay its ravages is Brazilian Balm. For 15 years its march has been a march of triumph. Its cures are permanent and are numbered by the tens of thousands. For every disease the Father has given a sure antidote. If we can find it. The antidote for Catarrh has been found in Brazilian Balm. It destroys the catarrh microbe. It clears the head of foul mucus. It makes the blood and discharges immune (non-contagious).

Forty Years Ago

There were less than 10,000 Catarrh Victims in the land. Today there are over twenty million. It has become the NATIONAL PLAGUE. Catarrh is everywhere. In every city, town and hamlet. On every mountain, in every valley and

relieves the headache and gradually heals the ulcers, the burning sores in the head, thus stopping the dripping into the throat. At the same time the cough, the asthma, and bronchitis and sore throat will disappear, also all stomach trouble, caused by constant swallowing of the putrid Catarrh pus. And as your Catarrh disappears all your weakness will change to strength and vitality and you will be like your old self again.

Economy

It will not cost you \$5.00 or \$10.00 a month. A \$1.00 bottle of Brazilian Balm contains a whole month's treatment, and from this on for six months we will wrap with each \$1.00 bottle a month's treatment of TOXICOLA TABLETS. These tablets are a great tonic; they wake up the liver, aid digestion, strengthen the nerves and give vitality to every organ. No such offer to sufferers from Catarrh, Asthma, Bronchitis, Consumption and Stomach troubles has ever been made before. Summer is the best time to treat Catarrh, as it is not so violent as in winter. B. F. JACKSON & CO., Mfg. Chemists, Indianapolis, Indiana.

MURDER EXPIATED.

Three Tennesseans Die on Scaffold for Atrocious Crime.

Winchester, Tenn., May 6.—Henry Judge, Joe Delp and John Evans were hanged here for the murder of Simon Bucher and his wife last August. The three men exhibited the same indifference and stolidity that marked their conduct during the trials and walked without assistance to the scaffold. Each of them made a short speech expressing preparedness. All said their only regret was that they were leaving their wives and children. None of them made any reference to the deed for which they paid the penalty.

A large crowd was expected and threats had been made to tear down the fence enclosing the scaffold in order that the execution might be made public. Sheriff Stewart was prepared for such an emergency, but set the execution for an early hour in order to prevent trouble.

The crime for which this trio of white men paid the extreme penalty was the murder of Simon Bucher and his wife on the 5th of last August. It was Henry Judge who conceived and planned the deed. His motive is said to have been a desire to get rid of Bucher, who had the oversight of some mountain land upon which Judge wanted to trespass for the purpose of stealing timber. Judge employed Evans and Delp to do the murder.

NOT A LABOR CRUSHER.

Governor Herrick Tells Workingmen of Senator Hanna's Ambition.

Cleveland, May 6.—In an address to the convention of the Amalgamated Association of Iron, Steel and Tin Workers last night Governor Herrick said that it was the rule nowadays for labor organizations to put at their head conservative men. Capital was doing likewise. That condition made it easier to settle disputes between capital and labor.

Governor Herrick made reference to the late Senator Hanna's efforts to bring about a more agreeable condition between labor and capital. He said that Senator Hanna cared nothing for high political honors; that he had told him his chief wish was to be vindicated before the people and to disprove the allegation that he was a labor crusher.

POSTOFFICE ROBBED.

Thieves Escape in Stolen Rig After Job at Flushing, O.

Wheeling, May 6.—The safe of the postoffice at Flushing, O., was blown open by burglars and \$810 worth of stamps, registered letters and a small amount of money secured. A horse and buggy was stolen and the two men escaped.

A posse started in pursuit several hours later, but gave up the chase at Lafferty station after securing one of the registered letters. The horse and buggy were found by Bridgeport officers at Pasco, 25 miles from Flushing. It was hitched there and the two occupants took an early traction car for Wheeling.

LOCOMOTIVES SECRETLY SHIPPED TO JAPANESE.

Philadelphia, May 6.—The last of 24 locomotives built in a hurry in this city for the Japanese government have been shipped to the far east. At the request of the Japanese government the utmost secrecy was maintained in shipping the engines for fear that they may in some way fall into the hands of the Russians.

STRUGGLE FOR LIFE

Mrs. Powell Tells About Killing of Essie Albin in the Attic.

STOLID PRISONER BREAKS DOWN

Defendant's Testimony Interrupted by Irresistible Rush of Emotion—Miss Albin's Relations With Mr. Powell May Be Introduced.

Dover, Del., May 6.—For the first time since the gruesome discovery of the mangled body of Estella Albin in her attic, Mrs. Mary Powell, the self-confessed slayer of the girl, has broken down. She gave vent to her feelings while under cross-examination and sobbed as though her heart would break.

Throughout all the proceedings from the date of the murder up to and including the trial this week, Mrs. Powell has maintained a stolid indifference, which has been remarkable when it was considered that the girl she is charged with killing had been an inmate of her home for seven years. After her harrowing recital, however, the woman's heart could bear up no longer, and although she made a mighty effort to regain her composure, she could not, and she cried out in her anguish:

"Oh, I didn't mean to do it." The woman's passionate weeping brought tears to many of the spectators and the woman's lawyers, too, wept. Attorney General Ward was dignified but merciless and plied the woman with questions relative to the struggle with the girl in the garret.

In her cross-examination by Mr. Ward, Mrs. Powell detailed again every incident of the deadly combat in the attic which she had given minutely at the morning session, but added that while she struggled with Essie the latter got her knee on defendant's right hand, and while Essie held her firmly by the throat tore off her apron and proceeded to choke witness, who was underneath her. Then Mrs. Powell was getting weaker all the time.

"How did you get that knife out of your right pocket and get it open if she was holding your hand under her knee?" asked Mr. Ward.

"I snatched it out from under her leg." "How long did you fight, as you say, before you cut her?"

"Well, until I was losing strength and knew she was going to take my life." But she did not finish the sentence. She broke down and sobbed piteously.

Justice Spruance ordered a glass of water and a fan for the prisoner and after awhile she became quiet and her cross-examination was concluded.

Defendant's counsel fought with the prosecution until the night adjournment, citing authorities upon which they seek to get in their testimony about an attempt by Essie Albin to take Mrs. Powell's life by poisoning her coffee.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

LEAPED FROM BRIDGE.

Woman Jumps 135 Feet Into East River at Williamsburg.

New York, May 6.—The first suicide from the new Williamsburg bridge which spans the East river a mile above the old Brooklyn bridge was recorded when an unknown woman leaped to death in the river 135 feet below.

The woman was observed by the various policemen, but before they could reach her side she leaped over the railing and shot down to the water. As she descended, feet foremost, her skirts filled, forming a sort of parachute, and just before reaching the body her body turned and she went into the water head first.

The officers shouted and blew their whistles to attract the crew of a tugboat which was passing within 20 feet of the woman, but they were unsuccessful and she sank.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Sheperdstown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by Will Reed, Charles T. Twenty Million Catarrh Victims!

CAN YOU REALIZE IT? ARE YOU ONE OF THEM?

And every victim caught it from some one else. **BRAZILIAN BALM A POSITIVE CURE.**

Cheapest and best remedy on earth. A \$1.00 bottle gives One Month's treatment. A Tonic and Strength Builder FREE with every \$1.00 Bottle.

If Twenty Millions of our people had Smallpox, Typhoid Fever or Cholera, what a cyclone of excitement and horror would sweep over the land. What a rush to get away from it, and what a mighty effort would be made to stamp it out.

Yet CATARRH is worse than either of them. They do their work quick and it is over; while Catarrh hangs on forever and leads to sure death in some form unless the germs are destroyed and driven from the system. These germs or microbes trench themselves in the deep and tortuous passages of the head.

Brazilian Balm boldly attacks them in their stronghold and compels a surrender of the last microbe. With the head ruting away, the whole system soon becomes impregnated. It is the parent of nearly every other disease.

plain; in forest and prairie. The rich, the poor, the business man, the mechanic, the laborer, the mistress, the maid; it knows no class, no sex, no station. It is the universal malady, the yellow destroyer, the disease that is the parent of nearly all other diseases and the sure but sure yellow death, the curse of the land.

Urgency.

Something must be done to arrest this rapidly spreading scourge and done quickly. Each individual must wake up, each community must wake up, the Nation must wake up and take prompt action to stay the progress of the plague. The one remedy that has been found able to cope with this putrid disease and stay its ravages is Brazilian Balm. For 15 years its march has been a march of triumph. Its cures are permanent and are numbered by the tens of thousands. For every disease the good Father has given a sure antidote if we can find it. The antidote for Catarrh has been found in Brazilian Balm. It destroys the catarrh microbe. It clears the head of foul mucus; it makes the breath and discharges immune (non-contagious).

Forty Years Ago

There were less than 10,000 Catarrh Victims in the land. Today there are over twenty million. It has become the NATIONAL DISEASE. Catarrh is everywhere. In every city, town and hamlet. On every mountain, in every valley and

relieves the headache and gradually heals the ulcers, the running sores in the head, thus stopping the dripping into the throat. At the same time the cough, the asthma, and bronchitis and sore throat will disappear, also all stomach trouble, caused by constant swallowing of the putrid Catarrh pus. And as your Catarrh disappears all your weakness will change to strength and vitality and you will be like your old self again.

Economy

It will not cost you \$5.00 or \$10.00 a month. A \$1.00 bottle of Brazilian Balm contains a whole month's treatment, and from this on for six months we will wrap with each \$1.00 bottle a month's treatment of TOXICOLA TABLETS. These tablets are a great tonic; they wake up the liver, aid digestion, strengthen the nerves and give vitality to every organ. No such offer to sufferers from Catarrh, Asthma, Bronchitis, Consumption and Stomach troubles was ever made before. Summer is the best time to treat Catarrh, as it is not so violent as in winter. B. MURDER EXPIATED.

Three Tennesseans Die on Scaffold for Atrocious Crime.

Winchester, Tenn., May 6.—Henry Judge, Joe Delp and John Evans were hanged here for the murder of Simon Bucher and his wife last August. The three men exhibited the same indifference and stolidity that marked their conduct during the trials and walked without assistance to the scaffold. Each of them made a short speech expressing preparedness. All said their only regret was that they were leaving their wives and children. None of them made any reference to the deed for which they paid the penalty.

A large crowd was expected and threats had been made to tear down the fence enclosing the scaffold in order that the execution might be made public. Sheriff Stewart was prepared for such an emergency, but got the execution for an early hour in order to prevent trouble.

The crime for which this trio of white men paid the extreme penalty was the murder of Simon Bucher and his wife on the 5th of last August. It was Henry Judge who conceived and planned the deed. His motive is said to have been a desire to get rid of Bucher, who had the oversight of some mountain land upon which Judge wanted to trespass for the purpose of stealing timber. Judge employed Evans and Delp to do the murder.

Accepted fashions by discriminating women everywhere who choose "Queen Quality" Shoes above all others because of their distinctive and incomparable style and their perfection and nicety of fit.

So pronounced is the favor bestowed by the critical and discerning American woman upon the "Queen Quality" Shoe, that its sale—already far and away the largest of all women's shoes in the world—is increasing at a wondrous rate. This is the most convincing proof of its superlative merits.

The observing, discriminating woman no longer thinks of or asks for "her size." She cares nothing about "the size she wears." She insists upon her shoeman fitting her foot, her only desire being to have her foot stylishly and comfortably shod and shown to the best advantage.

It is just with this particular, fastidious class that "Queen Quality" Shoes have their greatest popularity, for they include sizes and shapes from which every normal foot can be fitted with the greatest nicety and perfection. Moreover, their wearers have the assurance that their footwear is always absolutely correct for it is "Queen Quality" that sets the shoe styles.

Any woman who insists upon a correct fit in a "Queen Quality" Shoe is assured of as stylish and perfect footwear and as graceful and attractive a foot as it is possible for any belle of the metropolis to boast of.

THE IMPECUNIONS TO WORK OUT FINES

NEW RULE REGARDING CITY PRISONERS ESTABLISHED.

Chester Council's Resolution—Cigarette and Cocaine Ordinance Passed.

Under suspension of the rules a resolution was passed by the Chester council last night empowering the mayor to require prisoners who have no money to work out their fines upon the streets. It has been held by men who favored the adoption of the measure that when an arrest was made and the culprit had no money with which to pay his fine there was no course for the mayor to take except order his release on the promise to pay. It is a well known fact that these promises do not pan out, and rather have the effect of encouraging wrong doing than to prevent it.

The tobacco, opium and cocaine ordinance was adopted also, with the clause suggested by the News Review last evening. The measure makes it a misdemeanor for a dealer to sell tobacco or cigarettes to any one under the age of 16, and imposes a heavy penalty upon any person furnishing the weed to a minor. The fine is from \$10 to \$20.

The agitation in favor of the improvement of Fifth street, set on foot

by a number of heavy investors in property there seemed to have had some effect, since the question was up at the council meeting last night, and though no definite action was taken the members seem favorable toward making the repairs. Engineer Kelly gave it as his opinion that if the thoroughfare was sewered much of the trouble now experienced would be obviated, and it is likely this course will be pursued.

Solicitor G. D. Ingram reported that the city had been made defendant in a damage suit for \$2,500, brought by Mrs. Elmer S. Good. A claim brought against the town by W. S. Conkle was adjusted without the necessity of a suit, and Councilman Anderson took occasion to score the automobile owners who "speed" on the Chester streets. They with all persons guilty of fast driving, will in the future be arrested and fined.

The old, worn out cess pool question was taken up by Mr. Anderson. He made mention of a pool of water at the corner of Sixth street and Carolina avenue which he said was a menace to health and a public nuisance. For perhaps the twentieth time the owners of these lakes will be asked to make the proper drainage.

After a few bills had been ordered paid and the bond of Sergeant Rose was accepted the meeting adjourned.

INTEREST IS GREAT SHRIEVALTY FIGHT

Prospects Are That the Contest Will Narrow Down to Two Candidates.

Interest in the prospective chances of the various candidates for office in the county seems to be losing none of its former vitality. All candidates seem to be aware of the fact that success lies in hustling and each has undoubtedly developed this sterling quality to a most remarkable degree. Especially is this so in the contest for the office of sheriff.

Four candidates being in the field, the voters of the county are being sought on the highways and in the hedges, and are stopped to hear how sure each seems of his success, only to smile and draw his own conclusions.

From the present condition of the contest, it appears to those who are in close touch with the situation that the fight will eventually be drawn to a choice of two, with G. M. Burford a favorite by a good margin. The sterling qualities of which Mr. Burford is possessed stand out in striking contrast to the average politician of today.

The general public loves facts, and facts should not hurt any one; and in dealing with politics, this gentleman has shown the same conscientiousness that has characterized his business life and endeared him to the hearts of his friends and neighbors, who are striving to make his contest one of marked success. To his neighbors, who are responsible for this article, one of the many good qualities which they have observed, will be brought out in the following:

"Back in the years 1892 and '93, during which time our country was suffering from a panic, of which we all have a vivid recollection, a great many people were thrown out of employment. New Cumberland came in for her share, like many other towns and cities, to the dire distress of a great number of people, who depended entirely upon their daily labor for their existence. Some had employment and some had not.

"Mr. Burford, who was fortunate enough to be employed during that time, was known to take from his pay envelope, exactly half of his entire wages, turn it over to the grocery man, with instructions to deliver that amount of goods to his neighbors who were not employed and were in need of assistance. This was all done without the knowledge of even his most intimate friends, as well as the folks who received it."

Success should crown the efforts of such men as this, Mr. Burford's friends say.

Assessor in Town.

County Assessor James Melvin was in Chester today from Fairview. Mr. Melvin is making his spring appraisements, and incidentally looking after his candidacy for another term as assessor. Mr. Melvin has been a good officer, and in spite of the fact that his duties require him to do business with every tax payer in the county he has succeeded in pleasing them all. He will be a hard man to beat.

Teachers' Examination.

County Superintendent of Schools T. M. Cochran has announced that there will be an examination of teachers in Hancock county May 26. The examination will be held under the uniform system, and will take place at New Cumberland. A number of Chester people will take the examination.

QUALITY COUNTS

We advertise the quality of our Clothing, not its cheapness, but it's not high priced, it's marked only at such figures as insure a degree of quality that you ought to insist upon. We have no "special days." Every day we give you the very finest, most durable clothing that can be made, and ask only what it is actually worth. Such clothing gives a lasting, complete satisfaction, for our clothing holds its shape as long as you wear it, consequently is cheaper in the end.

We'd appreciate a call—if only for inspection purposes. May we expect to be so favored? You should see our Spring Suits before purchasing elsewhere.

A few watches left which we are giving with each man's and young man's suit.

THE LEADER

Knowles Block, Washington Street.

Spring and Summer 1904.

The observing, discriminating woman no longer thinks of or asks for "her size." She cares nothing about "the size she wears." She insists upon her shoeman fitting her foot, her only desire being to have her foot stylishly and comfortably shod and shown to the best advantage.

It is just with this particular, fastidious class that "Queen Quality" Shoes have their greatest popularity, for they include sizes and shapes from which every normal foot can be fitted with the greatest nicety and perfection. Moreover, their wearers have the assurance that their footwear is always absolutely correct for it is "Queen Quality" that sets the shoe styles.

Any woman who insists upon a correct fit in a "Queen Quality" Shoe is assured of as stylish and perfect footwear and as graceful and attractive a foot as it is possible for any belle of the metropolis to boast of.

by a number of heavy investors in property there seemed to have had some effect, since the question was up at the council meeting last night, and though no definite action was taken the members seem favorable toward making the repairs. Engineer Kelly gave it as his opinion that if the thoroughfare was sewered much of the trouble now experienced would be obviated, and it is likely this course will be pursued.

Solicitor G. D. Ingram reported that the city had been made defendant in a damage suit for \$2,500, brought by Mrs. Elmer S. Good. A claim brought against the town by W. S. Conkle was adjusted without the necessity of a suit, and Councilman Anderson took occasion to score the automobile owners who "speed" on the Chester streets. They with all persons guilty of fast driving, will in the future be arrested and fined.

The old, worn out cess pool question was taken up by Mr. Anderson. He made mention of a pool of water at the corner of Sixth street and Carolina avenue which he said was a menace to health and a public nuisance. For perhaps the twentieth time the owners of these lakes will be asked to make the proper drainage.

After a few bills had been ordered paid and the bond of Sergeant Rose was accepted the meeting adjourned.

INTEREST IS GREAT

SHRIEVALTY FIGHT

Prospects Are That the Contest Will Narrow Down to Two Candidates.

Interest in the prospective chances of the various candidates for office in the county seems to be losing none of its former vitality. All candidates seem to be aware of the fact that success lies in hustling and each has undoubtedly developed this sterling quality to a most remarkable degree. Especially is this so in the contest for the office of sheriff.

Four candidates being in the field, the voters of the county are being sought on the highways and in the hedges, and are stopped to hear how sure each seems of his success, only to smile and draw his own conclusions.

From the present condition of the contest, it appears to those who are in close touch with the situation that the fight will eventually be drawn to a choice of two, with G. M. Burford a favorite by a good margin. The sterling qualities of which Mr. Burford is possessed stand out in striking contrast to the average politician of today.

The general public loves facts, and facts should not hurt any one; and in dealing with politics, this gentleman has shown the same conscientiousness that has characterized his business life and endeared him to the hearts of his friends and neighbors, who are striving to make his contest one of marked success. To his neighbors, who are responsible for this article, one of the many good qualities which they have observed, will be brought out in the following:

"Back in the years 1892 and '93, during which time our country was suffering from a panic, of which we all have a vivid recollection, a great many people were thrown out of employment. New Cumberland came in for her share, like many other towns and cities, to the dire distress of a great number of people, who depended entirely upon their daily labor for their existence. Some had employment and some had not.

"Mr. Burford, who was fortunate enough to be employed during that time, was known to take from his pay envelope, exactly half of his entire wages, turn it over to the grocery man, with instructions to deliver that amount of goods to his neighbors who were not employed and were in need of assistance. This was all done without the knowledge of even his most intimate friends, as well as the folks who received it."

Success should crown the efforts of such men as this, Mr. Burford's friends say.

Assessor in Town.

County Assessor James Melvin was in Chester today from Fairview. Mr. Melvin is making his spring appraisements, and incidentally looking after his candidacy for another term as assessor. Mr. Melvin has been a good officer, and in spite of the fact that his duties require him to do business with every taxpayer in the county he has succeeded in pleasing them all. He will be a hard man to beat.

Teachers' Examination.

County Superintendent of Schools T. M. Cochran has announced that there will be an examination of teachers in Hancock county May 26. The examination will be held under the uniform system, and will take place at New Cumberland. A number of Chester people will take the examination.
